Land violations committed in July 2019

<i>Date</i>	<i>Time</i>	<i>Nature of violation</i>
1 July	0800	Opposite the town of Naqurah, at the Lebanese-Palestinian border, the Israeli enemy continued with construction work inside occupied Lebanese territory south of points M1 and M2 along the Blue Line, in the area to which Lebanon maintains a claim. The enemy cleared brush surrounding the emplacements and installed camouflage netting on the emplacements west of point M2, and continuing west as far as point M1(1). Work ended at 1830 hours.
	0800	From inside occupied Palestinian territory, opposite the town of Blida, the Israeli enemy carried out the following hostile acts: <ul style="list-style-type: none"> – At 0800 hours, while the enemy used a steamroller and two trench diggers to clear and repair the dirt road between points BP28(1) and B60(1), the boom of a digger crossed the technical fence and the Blue Line several times opposite point BP28. Two excavators repaired the earthen berm. Work ended at 1500 hours. – At 1115 hours, opposite point BP28, a patrol comprising a Hummer vehicle and a trench digger crossed the technical fence, and its boom crossed the Blue Line. The digger began to clear brush. When a Lebanese Army patrol arrived to observe the violation, the soldiers operating the excavator dumped soil on them. One of the enemy soldiers also lit a fire that spread into Lebanese territory across 20 dunams of dry brush and olive trees. The fire was extinguished at 1450 hours.
	1130	From inside occupied Palestinian territory opposite the town of Ayta al-Sha'b, an Israeli enemy Merkava tank pointed its cannon towards the Lebanese Army observation point and Lebanese territory.
2 July	1020	From inside occupied Lebanese territory, in Ra's al-Naqurah, an Israeli enemy delegation consisting of five members in civilian clothing and a young woman in military uniform conducted a reconnaissance patrol from point M1(1) eastwards as far as the area west of point M2 on the military dirt road alongside the technical fence. At 1700 hours, they left and headed towards occupied territory. <ul style="list-style-type: none"> – Opposite the town of Udaysah, between points TP36(2) and TP37, Israeli enemy soldiers carried out construction work inside occupied Lebanese territory. They installed steel rods and connected them to one another with barbed wire. They also dumped quantities of gravel, steamrolled it and levelled it.
3 July	0800	Opposite the town of Naqurah, at the Lebanese-Palestinian border, the Israeli enemy continued with construction work inside occupied Lebanese territory south of points M1 and M2 along the Blue Line, in the area to which Lebanon maintains a claim. The Israeli enemy used a crane and a winch to weld a steel net to steel pillars at a height of four metres and across a length of some 25 metres starting from point M1(1) eastwards along the inside of the technical fence. The technical fence was removed along a distance of some 50 m behind the steel door opposite point M1.

<i>Date</i>	<i>Time</i>	<i>Nature of violation</i>
	1200	From inside occupied Palestinian territory opposite the town of Rumaysh, an Israeli enemy Merkava tank pointed its cannon towards the Lebanese Army observation point and Lebanese territory.
	1310 1430	While the Israeli enemy was clearing brush and trees opposite point B59 (Blida), in occupied Palestinian territory, soldiers trained a 12.7 mm calibre machine gun affixed to a Humvee vehicle on a Lebanese Army patrol that was observing the work in the presence of a patrol of the Nepalese unit of the United Nations Interim Force in Lebanon (UNIFIL).
	–	Opposite the town of Udaysah, between points TP36(2) and TP37, Israeli enemy soldiers carried out construction work inside occupied Lebanese territory. They installed steel rods and connected them to one another with barbed wire. They also dumped quantities of gravel, steamrolled it and levelled it.
4 July	0750	Opposite the town of Naqurah, at the Lebanese-Palestinian border, the Israeli enemy continued with construction work inside occupied Lebanese territory south of points M1 and M2 along the Blue Line, in the area to which Lebanon maintains a claim. The Israeli enemy used a crane and a winch to install steel pillars and affix a steel net over them, starting from point M1(1) eastwards. Barbed wire was installed on the outside. The 50 metres of technical fence that had been removed behind the steel gate opposite point M1 were then reinstalled.
6 July	2045	Opposite the town of Blida between points BP28 and BP29, inside Palestinian territory, the Israeli enemy lit a fire that spread into Lebanese territory across 1,000 m ² of dry brush.
7 July	0740	Opposite the town of Naqurah, at the Lebanese-Palestinian border, the Israeli enemy continued with construction work inside occupied Lebanese territory south of point M1 along the Blue Line, in the area to which Lebanon maintains a claim. The enemy continued to use a crane, a winch and a trench digger to install steel pillars eastwards from point M1 and affix barbed wire to the pillars. Work ended at 1715 hours.
	1000	Opposite points B58(1) and B59(1) and the town of Blida, inside occupied Palestinian territory, the Israeli enemy cleared and repaired the dirt road using a trench digger and an excavator, without crossing the technical fence or the Blue Line. The machines were escorted by a Humvee vehicle on which a 12.7 mm calibre machine gun had been installed. A member of the patrol trained the machine gun on a Lebanese Army patrol. Work ended at 1550 hours. The digger and the excavator remained in place, and the Humvee returned into occupied territory.
	1100	Opposite the town of Blida, the boom of a Poclain excavator that was being used by the Israeli enemy to clear the technical fence crossed the Blue Line, entering the Lebanese side by some 3 metres.
	–	An Israeli enemy patrol approached opposite the towns of Yarun and Marun al-Ra's, in occupied Lebanese territory, and cleared and removed brush and soil.
	–	Opposite the town of Udaysah, between points TP36(2) and TP37, Israeli enemy soldiers carried out construction work inside occupied Lebanese territory. They installed steel rods and connected them to one another with barbed wire. They also dumped quantities of gravel, steamrolled it and levelled it.
