Part One

Report of the Committee on the Elimination of Discrimination against Women on its seventy-sixth session

29 June–9 July 2020

Chapter I

Decisions adopted by the Committee

Decision 76/I

On 9 July 2020, the Committee adopted the text of a joint statement on ending sexual harassment against women and girls with disabilities initiated by the United Nations Entity for Gender Equality and the Empowerment of Women (UN-Women), for subsequent endorsement by the Committee on the Rights of Persons with Disabilities.¹

Decision 76/II

On 9 July 2020, the Committee adopted a statement entitled “Global anti-racism protests must herald a new era in human rights, social and gender justice”.²

Decision 76/III

The Committee reviewed the conditions under which its seventy-sixth session had been held remotely, including accessibility of the online platforms used, time to migrate from one platform to another, problems with simultaneous interpretation, and issues of Internet connectivity and sound quality regardless of location. It decided that, in view of the technical and other difficulties encountered, future remote sessions of the Committee should be limited to exceptional circumstances of a global dimension similar to the coronavirus disease (COVID-19) pandemic.

Decision 76/IV

In line with articles 2 and 5 (3) of the Convention on the Rights of Persons with Disabilities and the United Nations Disability Inclusion Strategy, in particular with reference to its aim of promoting inclusiveness and the need for barriers to accessibility to be “properly identified, addressed and removed” and its affirmation that “persons with disabilities engaging with the United Nations in any capacity ... have the right to reasonable accommodation”, the Committee decided to request the United Nations High Commissioner for Human Rights to ensure the full accessibility of remote sessions or parts thereof for Committee members with disabilities who require personal assistance, including by guaranteeing the full accessibility of any online platform used to conduct the business of the Committee and by providing reasonable accommodation to members with disabilities, including financial compensation for their personal assistant, in order to enable them to participate fully in the work of the Committee.

Decision 76/V

The Committee decided to move towards a predictable review cycle in order to ensure regular and timely reporting by all States parties, subject to the capacity and adequate resourcing of the Committee and its secretariat.

Decision 76/VI

The Committee decided to include the following standard paragraph in its lists of issues and lists of issues prior to reporting in relation to reports of States parties:

Please indicate the measures implemented by the State party in the context of the coronavirus disease (COVID-19) pandemic to redress long-standing

inequalities between women and men by placing women at the centre of recovery as an economic diversification strategy; to meet the needs and uphold the rights of women and girls, including those belonging to disadvantaged and marginalized groups and women in conflict or other humanitarian situations; and to ensure that, in the context of lockdown measures, whether partial or total, and in post-crisis recovery plans, women and girls are not relegated to stereotyped gender roles. Please indicate the measures in place to ensure that all COVID-19 crisis response and recovery efforts: effectively address and are aimed at preventing gender-based violence against women and girls; guarantee the equal participation of women and girls in political and public life, decision-making, economic empowerment and service delivery; and are designed so that women and girls benefit equally from economic stimulus packages, including financial support for unpaid care roles, that are aimed at mitigating the socioeconomic impact of the pandemic. Please explain how the State party is ensuring that measures taken to contain the pandemic, such as restrictions on freedom of movement or physical distancing, do not limit the access of women and girls, including those belonging to disadvantaged and marginalized groups, to justice, shelters, education, employment and health care, including sexual and reproductive health services.

Decision 76/VII

The Committee confirmed the members of the pre-sessional working group for the seventy-seventh session: Tamader Al-Rammah, Marion Bethel, Esther Eghobamien-Mshelia, Dalia Leinarte and Ana Peláez Narváez.
