The General Assembly,

Recalling its previous resolutions and decision on the scale of assessments for the apportionment of the expenses of the United Nations, including its resolutions [55/5](#) B and C of 23 December 2000, [57/4](#) B of 20 December 2002, [58/1](#) B of 23 December 2003, [61/237](#) of 22 December 2006, [64/248](#) of 24 December 2009, [67/238](#) of 24 December 2012 and [70/245](#) of 23 December 2015 and its decision [68/548](#) of 27 December 2013,

Reaffirming Article 17 of the Charter of the United Nations and rule 160 of its rules of procedure,

Recalling paragraphs 5 and 6 of its resolution [58/1](#) B,

Having considered the report of the Committee on Contributions on its seventy-eighth session¹ and the report of the Secretary-General on multi-year payment plans,²

1. *Reaffirms* that the determination of the scale of assessments for the apportionment of the expenses of the United Nations shall remain the prerogative of the General Assembly;
2. *Also reaffirms* the fundamental principle that the expenses of the Organization shall be apportioned broadly according to capacity to pay;
3. *Further reaffirms* the obligation of all Member States to bear the expenses of the United Nations, as apportioned by the General Assembly, in conformity with Article 17, paragraph 2, of the Charter of the United Nations;

* On behalf of the States Members of the United Nations that are members of the Group of 77 and China.

¹ *Official Records of the General Assembly, Seventy-third Session, Supplement No. 11 (A/73/11).*

² [A/73/76](#).

4. *Reaffirms* that the Committee on Contributions as a technical body is required to prepare the scale of assessments strictly on the basis of reliable, verifiable and comparable data;

5. *Decides* that the scale of assessments for the period from 2019 to 2021 shall be based on the following elements and criteria:

- (a) Estimates of gross national income;
- (b) Average statistical base periods of three and six years;
- (c) Conversion rates based on market exchange rates, except where that would cause excessive fluctuations and distortions in the income of some Member States, when price-adjusted rates of exchange or other appropriate conversion rates should be employed, taking due account of its resolution 46/221 B of 20 December 1991;
- (d) The debt-burden approach employed in the scale of assessments for the period from 2016 to 2018;
- (e) A low per capita income adjustment of 80 per cent, with a threshold per capita income limit of the average per capita gross national income of all Member States for the statistical base periods;
- (f) A minimum assessment rate of 0.001 per cent;
- (g) A maximum assessment rate for the least developed countries of 0.01 per cent;

6. *Recalls* its resolution 55/5 C, in particular paragraph 2 of that resolution, and deeply regrets that the major contributor has not settled its outstanding arrears promptly and in full;

7. *Recognizes* that the maximum assessment rate of 22 per cent does not reflect the principle of capacity to pay;

8. *Decides* to abolish the maximum assessment rate of 22 per cent;

9. *Notes* that the application of the current methodology, as set out above, reflects changes in the relative economic situations of the Member States of the United Nations;

10. *Also notes* that the assessment rates of developing countries are increasing significantly;

11. *Requests* the Committee on Contributions, in accordance with its mandate and the rules of procedure of the General Assembly, to review and make recommendations on the elements of the methodology of the scale of assessments in order to reflect the capacity of Member States to pay, and to report thereon to the Assembly by the main part of its seventy-sixth session;

12. *Expresses concern* that the Committee on Contributions used some data sets with limitations in the preparation of the scale of assessments, encourages Member States to submit national accounts data on a timely basis with the required scope, detail and quality, and requests the Committee on Contributions to consider all relevant data and appeals submitted by Member States that may affect their capacity to pay;

13. *Supports* the efforts of the Statistics Division of the Department of Economic and Social Affairs of the Secretariat in supporting statistics at the national level and in providing support to countries and regional organizations to enhance coordination, advocacy and resources for the implementation of the 2008 System of National Accounts;

14. *Resolves* that the scale of assessments for the contributions of Member States to the regular budget of the United Nations for 2019, 2020 and 2021 shall be as follows:
