**Additional understandings and agreements reached by
previous Review Conferences relating to each article of the
Convention**

**Background information document submitted by the Implementation
Support Unit**

Corrigendum

Section XI B, paragraph 90

For the existing text *substitute*

90. The Sixth and Seventh Review Conferences welcomed the fact that the Chemical Weapons Convention "entered into force on 29 April 1997 and that 181/188 instruments of ratification or accession have now been deposited with the United Nations." The Sixth and Seventh Review Conferences also "called upon all States that have not yet done so to accede to that Convention without delay." [VII,IX,48, VI.IX.45].
