1. Organizational matters

(a) Opening of the fourth session of the Conference

The fourth session of the Conference of the Parties to the United Nations Convention against Transnational Organized Crime will be convened on Wednesday, 8 October 2008, at 10 a.m.

(b) Election of officers

In accordance with rule 22 of the rules of procedure for the Conference, at the opening of each session a President, eight Vice-Presidents and a Rapporteur shall be elected from among the representatives of the States parties that are present at the session. In electing the officers of the session, each of the five regional groups shall be represented by two officers, one of whom shall be from among the representatives of the States that are parties to the United Nations Convention against Transnational Organized Crime and to one or more, and if possible all, of the Protocols that have entered into force by the opening of the session. The bureau shall include at least two representatives of States that are parties to all the instruments that have entered into force by the opening of the session.

In accordance with the practice established by the Conference, the offices of the President and Rapporteur of the Conference are normally subject to rotation among the five regional groups. Thus, at the fourth session, the President of the Conference and one Vice-President would be nominated by the Group of Western European and other States; the Group of Latin American and Caribbean States would be asked to nominate one Vice-President and the Rapporteur; and the other regional groups would be asked to nominate two Vice-Presidents each.

(c) Adoption of the agenda and organization of work

At its third session, held in Vienna from 9 to 18 October 2006, the Conference approved the draft provisional agenda for its fourth session (CTOC/COP/2006/14, annex II) on the understanding that a decision on the inclusion of sub-items 2 (b) (iii)-(vi) would be taken by the Bureau in consultation with the Chairmen of the regional groups.

The extended Bureau (the Bureau of the Conference and the Chairmen of the regional groups) met on 26 March, 17 April and 28 May 2008. The extended Bureau

decided to add under item 1 a sub-item entitled “General discussion”; to add under item 2 a sub-item entitled “Expert consultation on the implementation of the Protocol to Prevent, Suppress and Punish Trafficking in Persons, Especially Women and Children, supplementing the United Nations Convention against Transnational Organized Crime”; and to include in the provisional agenda the information contained in the bracketed sub-items 2 (b) (iii)-(vi) of the draft provisional agenda.

In accordance with rule 8 of the rules of procedure for the Conference, the proposed organization of work was prepared by the secretariat in consultation with the extended Bureau. It was decided that the fourth session would have a duration of eight days, from 8 to 17 October 2008, and that the meetings would be held from 10 a.m. to 1 p.m. and from 3 to 6 p.m. The resources available to the Conference at its fourth session will permit the holding of 20 meetings (16 plenary meetings and 4 parallel meetings) with simultaneous interpretation in the six official languages of the United Nations. The proposed organization of work (see annex) was approved by the extended Bureau.

(d) Participation of observers

Rule 14 of the rules of procedure for the Conference provides that, subject to prior written notification to the Secretary-General, any State or regional economic integration organization that is a signatory to the Convention in accordance with its article 36, paragraphs 1 and 2, shall be entitled to participate as an observer in the Conference.

Rule 15 of the rules of procedure provides that any other State or regional economic integration organization that has not signed the Convention in accordance with its article 36, paragraphs 1 and 2, may apply to the bureau for observer status, which shall be accorded unless otherwise decided by the Conference.

Rule 16 of the rules of procedure provides that, subject to prior written notification to the Secretary-General, representatives of entities and organizations that have received a standing invitation from the General Assembly to participate as observers in the sessions and work of all international conferences convened under its auspices, representatives of United Nations bodies, specialized agencies and funds, as well as representatives of functional commissions of the Economic and Social Council, shall be entitled to participate as observers (i.e. without the right to vote) in the deliberations (i.e. plenary meetings) of the Conference.

Rule 17 of the rules of procedure provides that relevant non-governmental organizations having consultative status with the Economic and Social Council may apply to the bureau for observer status, which should be accorded unless otherwise decided by the Conference. Should relevant non-governmental organizations not having consultative status with the Council apply for observer status, the secretariat will circulate a list of such organizations in accordance with rule 17.

(e) Adoption of the report of the Bureau on credentials

According to rule 19 of the rules of procedure for the Conference, the bureau shall examine the credentials of representatives of each State party and the names of the persons constituting the State party’s delegation and submit its report to the Conference. According to rule 20 of the rules of procedure, pending a decision of the bureau on their credentials, representatives shall be entitled to participate

provisionally in the session. Any representative of a State party to whose admission another State party has made objection shall be seated provisionally with the same rights as other representatives of States parties until the bureau has reported and the Conference has given its decision.

At its third session, the Bureau reported to the Conference that several States parties did not comply with rule 18 (Submission of credentials) of the rules of procedure. The Bureau emphasized the obligation of each State party to submit the credentials of representatives in accordance with rule 18.

In view of the difficulties encountered by many States parties in complying with rule 18 of the rules of procedure, the secretariat recommended to the Conference the consideration of an amendment that would simplify that rule; the Conference decided to defer consideration of that recommendation to its fourth session (CTOC/COP/2006/14, para. 33).

(f) General discussion

A sub-item entitled “General discussion” was included in the agenda to allow time for statements to be made on matters of a general nature that are related to the implementation of the Convention and the Protocols thereto and that may be of interest to the Conference. Based on the experience gained at past sessions of the Conference, the extended Bureau decided that the organization of a general discussion would offer participants an opportunity to express their views in general terms in the plenary, while allowing more focused and interactive exchanges to take place under the substantive items of the agenda. A list of speakers will be opened by the secretariat on 15 August 2008 and all States are invited to indicate their intention to address the Conference under the sub-item. The list of speakers will remain open until noon on 8 October 2008. Inscription in the list will be on a “first come, first served” basis on the understanding that priority will be given to representatives of ministerial or similar rank. Speakers are requested to limit their statements to three minutes.

2. Review of the implementation of the United Nations Convention against Transnational Organized Crime and the Protocols thereto

(a) Information-gathering and possible mechanisms to review implementation

In its decision 3/1, the Conference urged States parties to encourage and support other States parties in completing, for the first two reporting cycles, the questionnaires on the implementation of the Convention and the Protocols thereto; requested the secretariat to submit final consolidated reports on those two reporting cycles; also requested the secretariat to develop a sample format for the voluntary provision of supplementary information with a view to assisting States parties in undertaking a detailed evaluation of their compliance with specific provisions of the Convention and the Protocols thereto; and, subject to the availability of extrabudgetary resources, further requested the secretariat to explore all possibilities of using modern information technology and Web-based applications with a view to ensuring maximum efficiency and effectiveness.

The Open-ended Interim Working Group of Government Experts on Technical Assistance held a meeting in Vienna from 3 to 5 October 2007, pursuant to Conference decisions 2/6 and 3/4, and formulated a number of proposals for

technical assistance activities with regard to the gathering of information on the implementation of the Convention. In that connection, the Working Group requested the Secretariat:

- (a) To develop immediately an efficient and user-friendly information-gathering tool in the form of an interim computer-based checklist;
- (b) To ensure that the checklist did not depart from the substantive content of the questionnaires instituted by the Conference under the two reporting cycles in order to avoid duplication of effort for States that had already reported through the questionnaires;
- (c) To forward the checklist to States that had not responded to the existing questionnaires and encourage them to use it and to provide their responses sufficiently in advance of the fourth session of the Conference in order that the Secretariat might complete the analytical reports requested by the Conference;
- (d) To begin developing comprehensive software-based information-gathering tools for the Convention and each of its Protocols, accompanied by a guide facilitating the use of the tools, and to report on its efforts to the Conference at its fourth session.

(b) Expert consultation on criminalization

The Conference, at its first session, adopted a programme of work for its second session for the review of the implementation of the Convention (Conference decision 1/2) and the two protocols that were in force at the time, namely the Protocol to Prevent, Suppress and Punish Trafficking in Persons, Especially Women and Children, supplementing the United Nations Convention against Transnational Organized Crime (decision 1/5) and the Protocol against the Smuggling of Migrants by Land, Sea and Air, supplementing the United Nations Convention against Transnational Organized Crime (decision 1/6). That programme of work included the consideration of the basic adaptation of national legislation in accordance with those instruments, starting with the examination of criminalization legislation. A similar programme of work was adopted by the Conference at its second session (decision 2/5) with respect to the Protocol against the Illicit Manufacturing of and Trafficking in Firearms, Their Parts and Components and Ammunition, supplementing the United Nations Convention against Transnational Organized Crime, which had entered into force in July 2005.

The final consolidated reports on the implementation of the Convention (CTOC/COP/2005/2/Rev.2), the Trafficking in Persons Protocol (CTOC/COP/2005/3/Rev.2), the Migrants Protocol (CTOC/COP/2005/4/Rev.2) and the Firearms Protocol (CTOC/COP/2006/8/Rev.1) accordingly reflect information provided by States on national criminalization provisions in accordance with those instruments.

(c) Expert consultation on international cooperation, with particular emphasis on extradition, mutual legal assistance and international cooperation for the purpose of confiscation, and the establishment and strengthening of central authorities

The Conference, at its second session, decided to establish an open-ended working group to hold substantive discussions on practical issues pertaining to extradition, mutual legal assistance and international cooperation for the purpose of confiscation (Conference decision 2/2). The working group met for the first time during the third session of the Conference. Noting that the working group had led a fruitful exchange of ideas and experiences in an environment of cooperation and goodwill, the Conference decided that the working group would be a constant element of the Conference (decision 3/2).

Decision 3/2 also contained detailed instructions and guidance for the Secretariat on the development of tools to promote international cooperation under the Convention, such as the online directory of authorities designated to deal with requests for mutual legal assistance, extradition and other forms of international cooperation under the Convention and the Migrants Protocol.

Noting that close working contacts between central authorities designated under article 18 (Mutual legal assistance) of the Convention and between competent authorities for extradition requests were crucial to the efficient granting of international legal cooperation pursuant to the Convention, the Conference in its decision 3/2 also requested its secretariat to organize, subject to the availability of extrabudgetary resources, workshops for those authorities, liaison magistrates and judges, prosecutors and practitioners in charge of handling cases for which cooperation is required, with a view to facilitating exchanges among counterparts and promoting awareness and knowledge of the mechanisms for international cooperation provided for under the Convention.

The Conference, also in its decision 3/2, decided that it would discuss at its fourth session the issue of confiscation in the context of articles 12 (Confiscation and seizure), 13 (International cooperation for purposes of confiscation) and 18 of the Convention, including non-conviction-based confiscation, as well as issues relating to the successful implementation of article 16 (Extradition) of the Convention.

(d) Expert consultation on the implementation of the Protocol to Prevent, Suppress and Punish Trafficking in Persons, Especially Women and Children, supplementing the United Nations Convention against Transnational Organized Crime

At its third session, the Conference requested the secretariat, subject to the availability of extrabudgetary resources, to develop or collect and make available to States parties the following: practical guidelines for national competent authorities to identify victims of trafficking in persons for the purpose of labour exploitation; successful practices with respect to investigations of offences covered by the Trafficking in Persons Protocol and the Migrants Protocol, and the provision of protection and assistance measures to victims; successful practices in the areas of training and capacity-building, as well as awareness-raising strategies and campaigns, with a view to enhancing efforts to identify and assist victims of trafficking in persons or persons who had been the object of conduct set forth in article 6 (Criminalization) of the Migrants Protocol (Conference decision 3/3).

In the same decision, the Conference also requested the secretariat, subject to the availability of extrabudgetary resources, to identify opportunities to mainstream its work related to the furtherance and objectives of the Trafficking in Persons Protocol

and the Migrants Protocol into relevant United Nations agencies that were lead agencies in humanitarian crises or emergency situations.
