Committee for Programme and Coordination

Fifty-fourth session

2-27 June 2014

Agenda item 7

Adoption of the report of the Committee on its fifty-fourth session

Draft report

Rapporteur: Mr. Hiroshi Onuma (Japan)

Addendum

Proposed strategic framework for the period 2016-2017

(Item 3 (b))

Programme 26

Internal oversight

1. At its 19th meeting, on 12 June 2014, the Committee for Programme and Coordination considered programme 26, Internal oversight, of the proposed strategic framework for the period 2016-2017 ([A/69/6](#) (Prog. 26)).
2. The Assistant Secretary-General for Internal Oversight Services introduced the programme and responded to queries raised during the Committee's consideration of the programme.

Discussion

3. Appreciation was expressed for the functions that the Office of Internal Oversight Services carried out and the role it played in increasing the efficiency and effectiveness of the Organization. It was emphasized that coordination with other oversight bodies was required to avoid overlap and duplication of effort.
4. It was noted with concern that some of the paragraphs under overall orientation did not reflect the already negotiated and agreed language for the programme contained in the approved biennial programme plan for 2014-2015 ([A/67/6/Rev.1](#)). In respect of paragraph 26.4, clarification was sought on the specific mandates and resolutions supporting the actions contained therein.

5. With regard to subprogramme 1, Internal audit, the view was expressed that the overall scope of expected accomplishment (a) was too broad and difficult to carry out. It was also pointed out that the indicators of achievement were subjective and not easy to measure. The view was also expressed that the drawbacks of the delays in the implementation of the International Public Sector Accounting Standards, enterprise risk management, the enterprise resource planning system and other major reform projects should be highlighted further.

6. With regard to subprogramme 2, Inspection and evaluation, clarification was sought concerning who had the role of determining the relevance of thematic inspections and evaluations in the implementation of the programmes. Emphasis was also placed on the need to focus on effectiveness of inspection and evaluation.

7. Concern was expressed at the initiative taken by the Office to conduct evaluations relating to matters and concepts that were still under consideration by the General Assembly. In particular, reference was made to the Office's evaluation of the implementation and results of protection of civilians mandates in United Nations peacekeeping operations (A/68/787). It was emphasized that there was no agreement in the Assembly regarding the concept of responsibility to protect.

8. In performing its evaluation functions, the Office should avoid interfering in the intergovernmental negotiations by conducting evaluations that could prejudice the outcome of such negotiations.

9. With regard to subprogramme 3, Investigations, concern was expressed regarding the measurability of indicator of achievement (b) (iii). It was noted that specific measures should be taken to reduce the number of incomplete investigations to prevent further violations and to increase accountability of staff, especially in peacekeeping missions. Views were also expressed that the results of investigations on any financial or administrative violations should be made available on the website of the Office of Internal Oversight Services.
