## **Adjustments to the consolidated budget for the biennium 2018–2019 for the United Nations Office on Drugs and Crime**

### **Note by the Executive Director**

1. The present note has been prepared pursuant to Commission on Narcotic Drugs resolution 60/10 and Commission on Crime Prevention and Criminal Justice resolution 26/5, in which the Commissions:

(a) Approved, provisionally, the projected use of general-purpose funds in the biennium 2018–2019 and requested the Executive Director of the United Nations Office on Drugs and Crime (UNODC) to revise the funding arrangement proposed for the Research and Trend Analysis Branch, as well as the Justice Section, and to present to the standing open-ended intergovernmental working group on improving the governance and financial situation of UNODC, at its formal meeting in early 2018, a revised budget that addressed that funding arrangement by redistributing resources throughout the Office, for approval by the Commissions at their regular sessions;

(b) Endorsed the programme support cost funds and special-purpose estimates, on condition that UNODC further explore best appropriation of programme support cost funds to support indirect functions of field offices, as appropriate, and that UNODC use programme support costs more broadly in headquarters and field offices, as appropriate.

2. In order to address those requests, UNODC is proposing to redeploy resources from suitable funding sources to sustain the work of the Research and Trend Analysis Branch and the Justice Section throughout the biennium. In addition to the amount of \$2.4 million already budgeted under general-purpose funds in 2018, another \$2.4 million will be required for these two areas in 2019.

\* E/CN.7/2018/1.

\*\* E/CN.15/2018/1.

3. This amount would be funded as follows:
- (a) Redeployment of the unallocated balance of \$0.9 million under general-purpose funds originally intended for programmatic shortfalls in field offices to the Research and Trend Analysis Branch;
- (b) Redeployment of \$0.5 million under programme support cost funds from the Division for Management to the Research and Trend Analysis Branch;
- (c) Allocation of \$1.0 million out of the \$2.0 million reserve for contingency under programme support cost funds to the Research and Trend Analysis Branch (\$0.5 million) and to the Justice Section (\$0.5 million).
4. The \$0.9 million to be redeployed from general-purpose funds represents the unallocated balance of the total provision of \$4.2 million budgeted to address temporary needs of field offices and preserve the integrity of the field office network. This decrease will be offset by redeploying \$0.9 million of programme support cost funds from the contingency reserve to the Division for Operations. When the reserve is exhausted, unforeseen programme-related liabilities and contingencies will be covered from relevant unencumbered resources when they occur.
5. The redeployment of funds from programme support costs under the Division for Management should be possible as a result of efficiencies that the Division plans to bring about in the areas of information technology and shared support services.
6. As a result of these redeployments, the consolidated budget for the biennium 2018–2019 for UNODC would be adjusted as reflected in tables 1–3 below.
