CHINA AND THE UNITED STATES: PROPOSAL CONCERNING EDUCATION FOR  
THE DECLARATION ON HUMAN RIGHTS

It is recommended that the Economic and Social Council pass a resolution containing the following proposal.

Immediately after action is taken by the General Assembly on the Declaration on Human Rights, the Secretary-General of the United Nations shall be requested, acting with the advice of the Commission on Human Rights and interested specialized agencies and in co-operation with Member States, to institute a comprehensive programme of education designed to bring before the people of the world the principles set forth in the Declaration in such a manner that they and their Governments may be encouraged to take steps within their own borders to bring about the conditions which the Declaration envisages as being essential to the full realization of human rights and fundamental freedoms.
