## **Letter dated 10 July 2006 from the Secretary-General addressed to the President of the Security Council**

I write further to my letter dated 19 December 2005 to the President of the Security Council.

As you may recall, the relevant authorities of the Government of Iraq met with the Controller of the United Nations in Amman on 3 October 2005, bearing in mind the timetable envisaged in my letter of 8 August 2005. Consequently, I provided in an attached note to my letter of 17 October 2005 (S/2005/656) an update to the situation with respect to the letters of credit and had proposed a course of action for the Council's consideration for which the President of the Security Council wrote a letter dated 11 November 2005 (S/2005/713) bearing in mind the timetable envisaged in my letter.

I updated the Council on the implementation of the arrangements for the termination of the operations relating to the letters of credit raised against the United Nations Iraq Account under Security Council resolution 1483 (2003) via my letter dated 19 December 2005 (S/2005/807).

I have the honour to inform you that, based on the 19 December 2005 letter, I had asked that continuing consultations be conducted by the Secretariat with the relevant authorities of the Government of Iraq on the termination of the ongoing operations of the Oil-for-Food Programme. After processing all amendment requests that were received on or before 31 December 2005, there are 331 outstanding letters of credit with an approximate value of \$1.1 billion that are being retained as a liability in the United Nations Iraq Account with BNP Paribas as of 31 May 2006. However, the relevant authorities of the Government of Iraq had also continued to send additional requests for further amendments subsequent to the deadlines approved by the Council on the basis of my letter dated 17 October 2005. The Controller of the United Nations had various meetings with the Permanent Mission of Iraq to the United Nations and had also requested clarifications on the various issues via a note verbale dated 18 April 2006. The Secretariat has received written clarifications on the need for further amendments to extend the validity of the letters of credit which are indicated in the annex to this letter.

Given the continuing limitations on the ground, the critical nature of these projects and in the absence of any objection from the Council, I intend to concur with the 91 requests made by the relevant authorities of the Government of Iraq and will ask the Controller to further consult with the relevant authorities of the Government of Iraq and make the final amendment to the letters of credit that need

an extension of time, on condition that these amendments will be considered as final. I expect these consultations will be undertaken in the context of a full recognition of the need to ensure that ongoing projects initiated under the Oil-for-Food Programme could be brought to a successful conclusion, within the next 10 months at the very latest, while at the same time fully complying with the provisions of Security Council resolution 1483 (2003).

On a further matter relating to the satisfaction of claims from suppliers, I should also like to draw your attention to the issue of some 203 letters of credit for which suppliers claim delivery but for which the United Nations cannot make payment. This is because the United Nations has not received authentication documents from the relevant authorities of the Government of Iraq. This is an issue which the Council may examine further with a view to reaching a final resolution by the Government of Iraq.

*(Signed) Kofi A. Annan*

**Note by the Secretary-General on arrangements for terminating  
the operations relating to the letters of credit raised against  
the United Nations Iraq Account under Security Council  
resolution 1483 (2003)**

**Update to the letter dated 19 December 2005 addressed to the  
President of the Security Council**

1. As I had indicated in the annex of my letter of 19 December 2005 (S/2005/807), funding was retained in the United Nations Iraq Account for 524 letters of credit that were reported by BNP Paribas (the Bank) as open as of 30 November 2005. Subsequent to that letter, 16 letters of credit were paid in full, 32 were reinstated for purposes of making payments to suppliers who delivered goods in Iraq, 209 were partially paid and or balances of letters of credit were cancelled. Subsequent to my letter of 19 December 2005, the concerned authorities of the Government of Iraq provided the United Nations with 104 requests for amendments and reinstatements to the existing letters of credit as a result of which shipment dates and validity dates were extended for certain letters of credit. After processing all amendment requests that were received on or before 31 December 2005 from the relevant authorities of the Government of Iraq and payments made to suppliers for delivered goods in Iraq, funding for 331 letters of credit is being retained in the United Nations Iraq Account as of 31 May 2006.

### **Letters of credit that expired by 31 December 2004**

2. It will be recalled that I had indicated in paragraph 2 of the annex to my letter of 19 December 2005 that the cash collateral supporting 223 letters of credit that had expired by 31 December 2004 would be kept in the United Nations Iraq Account until 31 December 2005 to allow the relevant authorities to process the authentication documents for the goods that were shipped during the validity of the letter of credit. Nine (9) letters of credit were fully paid subsequent to my letter of 19 December 2005, 32 letters of credit were extended to allow further shipments and 120 letters of credit were partially paid and residual balances of the letters of credit were cancelled, as a result of which there were 62 letters of credit remaining as of 31 May 2006 as shown in table 2.

3. Before 31 December 2005, the United Nations received request for amendments for 5 letters of credit associated with communication numbers 730873, 1100075, 1230112, 1230361 and 1230407 which were sent to BNP Paribas for processing. Owing to technical reasons, these amendments have not been processed to date and I intend to authorize the amendment of these letters of credit.

4. In addition, subsequent to 31 December 2005, the relevant authorities of the Government of Iraq and suppliers indicated to the United Nations the need for

amendments (11) for communication numbers 702423, 702556, 800784, 802679, 830896, 900291, 1000288, 1000840, 1200013, 1300021 and 1300068. As this would fall outside the authority granted to the Secretary-General via the exchange of letters, no action has been taken by the Secretariat.

5. Given the limitations on the ground and the urgency of these projects, in the absence of any objection from the Council, I therefore intend to concur with the 16 additional requests described in paragraphs 3 and 4.

6. In addition, it should be recalled that I had indicated in my letter of 19 December 2005 that the relevant authorities had asked for an extension until 19 June 2006 of some 37 letters of credit. The United Nations received requests for the extensions of 30 letters of credit on or before 31 December 2005 and the Bank processed these amendments. The United Nations did not receive the requests for amendments for 4 letters of credit (communication numbers 731024, 800783, 830896 and 1000942) before 31 December 2005. However, for 3 letters of credit (communication numbers 830227, 1001242 and 1230056) we found that it was not necessary to amend the letters of credit for the remaining balance as the suppliers were paid for complete delivery.

### **Letters of credit expiring 2005**

7. It should be recalled that I indicated in paragraph 4 of the annex to my letter of 19 December 2005 that the United Nations would reinstate or extend the remaining 162 letters of credit for shipment dates and expiry dates so long as the requests were received by 31 December 2005. For the period from 1 December 2005 to 31 May 2006, 2 letters of credit were paid in full, 86 letters of credit were partially paid and residual balances of the letters of credit were cancelled, and 47 letters of credit were extended to 2006 and 1 letter of credit was extended to 2007. Consequently, as shown in table 3, **25 letters of credit expired on their own terms as there were no extension requests received by the United Nations** from the relevant authorities of the Government of Iraq on or before 31 December 2005.

8. Subsequent to 31 December 2005, the relevant authorities of the Government of Iraq and suppliers have indicated to the United Nations that eight (8) letters of credit for communication numbers 631121, 700964, 801195, 802448, 1001885, 1230009, 1230171 and 1300033 would need extension of shipment dates. As this would also fall outside the authority granted to the Secretary-General via the exchange of letters, no action has been taken by the Secretariat.

9. In the absence of any objections from the Council, I intend to proceed with the 8 amendments to the letters of credit.

### **Letters of credit due to expire in 2006-2007**

10. As indicated in paragraphs 5 and 6 of the annex to my letter of 19 December 2005, the 8 letters of credit indicated in paragraph 5 were extended to 2006 and 2007 per the request of the relevant authorities of the Government of Iraq. Letters of credit for communication numbers 53408, 601799, 900991 and 930480 were extended to expire in 2006 (see table 4). In addition, letters of credit associated with

communication numbers 601654, 801479, 901749 and 1200853 were extended to 2007 (see table 5).

11. Furthermore, as indicated in paragraphs 5 and 6 of the annex to my letter of 19 December 2005, the United Nations has processed additional requests for amendments to the letters of credit to extend certain letters of credit that were to expire by 31 December 2005. Subsequent to my letter of 19 December 2005, 32 reinstatements of letters of credit were processed, 84 letters of credit were extended from 2004 (32) and 2005 (48) to 2006 (see table 4), 4 letters of credit were extended from 2006 to 2007 (see table 5), 5 letters of credit were fully paid, 1 letter of credit (communication number 1000446) amendment was rejected by the beneficiary, 1 letter of credit was cancelled and 3 letters of credit were partially paid and the residual balance of the letters of credit were cancelled. Consequently, there are 237 letters of credit expiring in 2006 with a total value of United States dollars 838 million (see table 4).

12. In addition, subsequent to 31 December 2005, the relevant authorities of the Government of Iraq and suppliers have indicated to the United Nations the need for amendments for 63 letters of credit associated with communication numbers 601799, 631025, 631026, 631028, 631031, 631157, 701387, 702153, 702787, 730367, 730770, 730897, 800329, 800975, 801181, 801344, 801547, 802719, 802954, 802974, 830306, 830875, 900034, 900045, 900209, 930181, 930599, 1000299, 1000426, 1000445, 1000446, 1000454, 1000752, 1001243, 1001314, 1001374, 1001466, 1001474, 1001516, 1001517, 1001519, 1002233, 1002236, 1030349, 1100100, 1100335, 1100581, 1100926, 1101152, 1200057, 1200447, 1200555, 1200564, 1200933, 1201414, 1201514, 1230025, 1230127, 1230271, 1230497, 1230577, 1230582 and 1300010. In addition, four (4) suppliers have indicated the need to extend the letters of credit associated with communication numbers 601654, 801479, 901749 and 1200853. As this would fall outside the authority granted to the Secretary-General via the exchange of letters, no action has been taken by the Secretariat.

13. Given the essential nature of these projects, and in the absence of any objection from the Council, I intend to proceed with the 67 amendments to the letters of credit for the periods indicated by the concerned ministries of the Government of Iraq.

### **Additional related issues**

14. It should be recalled that, in paragraph 7 of the annex to my letter of 19 December 2005, the relevant authorities had asked for reinstatements of 37 letters of credit with a total value of United States dollars 63.2 million. The United Nations has processed 30 amendments to the letters of credit, 7 letters of credit were fully paid (communication numbers 1230296, 1230213, 1002154, 801248, 1230593, 900780 and 1030405). However, communication number 1300079 will subsequently be cancelled based on the request of the Central Bank of Iraq. Therefore, the United Nations has fully funded all letters of credit that were not in the liability report of 31 July 2005 (see table 6). These "additional related issues" may now be considered closed.

### **Companies for which there are claims of delivery**

15. It should be recalled that I had indicated in paragraph 9 of the annex to my letter of 19 December 2005 that the question of processing of the authentication documents for the arrival of goods in Iraq falls under the competence of the Government of Iraq. A number of authentication issues remain to be resolved by the concerned authorities of the Government of Iraq as the Secretariat continues to receive requests from vendors for payment. As shown in table 1d, there are claims of delivery against 203 letters of credit with an approximate value of United States dollars 300 million out of an overall total of 331 outstanding letters of credit as of 31 May 2006. Most of those suppliers presented their documents to the Bank holding the United Nations Iraq Account and the Bank had not been able to make payments promptly to suppliers as per the terms of conditions of the letters of credit for **lack of authentication documents for the arrival of goods in Iraq**. As I indicated in my previous letter, I am not in a position to satisfy such vendors in the absence of authentication documents from the Government of Iraq. I ask the Council to urge the responsible authorities to process the authentication documents promptly before funds collateralizing the associated letters of credit are transferred to the Development Fund for Iraq. Pending action to clear this outstanding issue, the Organization remains at some risk to its reputation in the eyes of the suppliers who have satisfied contracts but have not been paid for deliveries. This is because suppliers believed that the contracts were secured by the United Nations through the letters of credit issued against the United Nations Iraq Account.

### **Transfer to the Development Fund of Iraq**

16. As shown in table 8, a balance of funds (United States dollars 187 million) would, in principle, be due to be transferred to the Development Fund of Iraq in accordance with Security Council resolution 1483 (2003). However, until the issues of claims from suppliers are resolved, and if there is no objection from the Council, these funds are to be held in the United Nations Iraq Account as a reserve for any unanticipated claims from suppliers. In this regard, it should be recalled that the United Nations has no indemnification from the Government of Iraq on the funds that have been transferred to date to the Development Fund of Iraq.
