Annual report of the Security Council Committee established pursuant to resolution 751 (1992) concerning Somalia

I. Introduction

1. The present report of the Security Council Committee established pursuant to resolution 751 (1992) concerning Somalia covers the period from 1 January to 31 December 2008.
2. For 2008, the bureau consisted of Dumisani S. Kumalo (South Africa) as Chairman, with the delegations of Croatia and the Libyan Arab Jamahiriya providing the Vice-Chairmen.
3. During the reporting period, the Committee met seven times in informal consultations.

II. Background

4. By resolution 733 (1992), the Security Council imposed a general and complete arms embargo on Somalia, and by resolution 751 (1992) the Council established a Committee to oversee the implementation of the embargo. Subsequently, in resolutions 1356 (2001), 1425 (2002), 1744 (2007) and 1772 (2007), the Council outlined certain exemptions to the embargo and further elaborated the scope of the measures.
5. During the reporting period, by resolution 1811 (2008) of 29 April 2008, the Security Council requested the Secretary-General, in consultation with the Committee, to re-establish, for a period of six months, the Monitoring Group on Somalia referred to in paragraph 3 of resolution 1558 (2004). The re-established Monitoring Group was mandated, inter alia, to: continue the tasks outlined in paragraph 3 (a) to (c) of resolution 1587 (2005) (i.e., investigate the implementation, and violations, of the arms embargo and make recommendations); continue to investigate, in coordination with relevant international agencies, all activities, including in the financial, maritime and other sectors, which generated revenues used to commit arms embargo violations; continue to investigate any means of transport, routes, seaports, airports and other facilities used in connection with arms embargo violations; continue refining and updating information on the draft list of those individuals and entities that violated the measures implemented by Member States in accordance with resolution 733 (1992), inside and outside Somalia, and their active supporters, for possible future measures by the Council, and present such information to the Committee as and when the Committee deemed appropriate; continue making recommendations based on its investigations and on the previous reports of the Monitoring Group; work closely with the Committee on specific recommendations for additional measures to improve overall compliance with the arms embargo; assist in identifying areas where the capacities of States in the region could be strengthened to facilitate the implementation of the arms embargo; provide to the Council, through the Committee, a midterm briefing within 90 days from its establishment, and submit progress reports to the Committee on a monthly basis; and submit, for the Security Council's consideration, a final report

covering all the tasks set out above, no later than 15 days prior to the termination of the Monitoring Group's mandate.

6. By resolution 1844 (2008) of 20 November 2008, the Security Council, emphasizing the contribution made to Somalia's peace and security by the arms embargo imposed by paragraph 5 of resolution 733 (1992), decided, *inter alia*, that all Member States should take the necessary measures to prevent the entry into or transit through their territories of individuals designated by the Committee pursuant to paragraph 8 of the same resolution. The Council also decided that all Member States should freeze without delay the funds, other financial assets and economic resources owned or controlled directly or indirectly by the individuals or entities designated by the Committee. The Council also imposed on individuals and entities designated by the Committee a prohibition on the supply, sale or transfer of weapons and military equipment, and related training, and financial and other assistance. By paragraph 8 of the same resolution, the Council mandated the Committee to designate individuals and entities: (a) engaging in or providing support for acts that threaten the peace, security or stability of Somalia; (b) having acted in violation of the general and complete arms embargo; and (c) obstructing delivery or access to humanitarian assistance to Somalia. The Committee was entrusted with the tasks, *inter alia*, by paragraph 11, of monitoring the implementation of the travel ban and assets freeze, with the support of the Monitoring Group; of seeking from all Member States, in particular those in the region, information regarding the actions taken by them to implement effectively the travel ban and assets freeze; and of reporting to the Council at least every 120 days on its work and on the implementation of resolution 1844 (2008).
