Letter dated 27 December 2018 from the Secretary-General addressed to the President of the Security Council

I have the honour to transmit herewith the sixty-third monthly report of the Director-General of the Organisation for the Prohibition of Chemical Weapons (OPCW), submitted pursuant to paragraph 12 of Security Council resolution [2118 \(2013\)](#) (see annex). The report covers the period from 24 November to 21 December 2018.

With regard to the outstanding issues related to the declaration of chemical weapons by the Syrian Arab Republic, I note with regret that the OPCW Technical Secretariat remains unable to resolve all of the identified gaps, inconsistencies and discrepancies, and therefore cannot fully verify that the Syrian Arab Republic has submitted a declaration that can be considered accurate and complete in accordance with the Chemical Weapons Convention. I once again call upon OPCW and the Syrian Arab Republic to cooperate in that regard.

I remain deeply concerned about reports that toxic chemicals are still being used as weapons in the Syrian Arab Republic. With regard to the alleged use of chemicals as weapons in Aleppo on 24 November 2018 and in response to a note verbale from the Syrian Arab Republic dated 28 November 2018, the Director-General of OPCW sent an advance party to Damascus from 4 to 6 December 2018 to collect information from the Syrian national authority. The Technical Secretariat is currently analysing the information collected.

Further to the decision taken by the Conference of the States Parties to the Convention on the Prohibition of the Development, Production, Stockpiling and Use of Chemical Weapons and on Their Destruction at its fourth special session, on 27 June 2018, the Director-General of OPCW will provide a progress report on the implementation of the decision to the Executive Council at its ninetieth session, which will be held from 12 to 15 March 2019.

As I have stated before, the use of chemical weapons by any party, under any circumstances cannot be justified. It is unacceptable that those who use or have used chemical weapons go unpunished; it is imperative to identify the perpetrators and hold them accountable.

(Signed) António Guterres

In accordance with paragraph 12 of United Nations Security Council resolution [2118 \(2013\)](#), the report by the Secretariat is also to be submitted to the Security Council through the Secretary-General.

2. The Council, at its Thirty-Fourth Meeting, adopted a decision entitled “Detailed Requirements for the Destruction of Syrian Chemical Weapons and Syrian Chemical Weapons Production Facilities” (EC-M-34/DEC.1, dated 15 November 2013). In paragraph 22 of that decision, the Council decided that the Secretariat should report on its implementation “in conjunction with its reporting required by subparagraph 2(f) of Council decision EC-M-33/DEC.1”.

3. The Council, at its Forty-Eighth Meeting, adopted a decision entitled “Reports of the OPCW Fact-Finding Mission in Syria” (EC-M-48/DEC.1, dated 4 February 2015) noting the Director-General’s intent to include reports of the OPCW Fact-Finding Mission in Syria (FFM), along with information on the Council’s discussion thereof, as part of the monthly reporting pursuant to United Nations Security Council resolution [2118 \(2013\)](#). Similarly, the Council, at its Eighty-First Session, adopted a decision entitled “Report by the Director-General Regarding the Declaration and Related Submissions by the Syrian Arab Republic” (EC-81/DEC.4, dated 23 March 2016), noting the Director-General’s intent to provide information on the implementation of that decision.

4. The Council, at its Eighty-Third Session, adopted a decision entitled “OPCW-United Nations Joint Investigative Mechanism Reports on Chemical Weapons Use in the Syrian Arab Republic” (EC-83/DEC.5, dated 11 November 2016). During the reporting period, the Secretariat did not receive any additional information from the Syrian Arab Republic regarding these outstanding issues.

17. At the end of September 2018, the FFM deployed to the Syrian Arab Republic to gather further information and conduct interviews regarding five reported incidents currently under investigation: two incidents in Kharbit Masasnah on 7 July 2017 and 4 August 2017; one incident in Qalib Al-Thawr, Al-Salamiyah on 9 August 2017; one incident in Yarmouk, Damascus on 22 October 2017; and one incident in Al-Balil, Souran on 8 November 2017. The FFM is currently analysing the information collected with regard to these incidents.

18. The Conference of the States Parties (hereinafter “the Conference”) at its Fourth Special Session adopted a decision entitled “Addressing the Threat from Chemical Weapons Use” (C-SS-4/DEC.3, dated 27 June 2018) which, inter alia, addressed the use of chemical weapons in the Syrian Arab Republic. In paragraph 8 of the decision, the Conference encouraged the Director-General to continue to provide regular updates on the FFM’s operations, taking into account the need to protect the security and safety of Secretariat personnel.

19. Pursuant to paragraph 10 of C-SS-4/DEC.3, the Secretariat is putting in place arrangements to identify the perpetrators of the use of chemical weapons in the Syrian Arab Republic by identifying and reporting on all information potentially relevant to the origin of those chemical weapons in those instances in which the FFM in Syria determines or has determined that use or likely use occurred, and cases for which the OPCW-United Nations Joint Investigative Mechanism has not issued a report.

20. Pursuant to paragraph 20 of C-SS-4/DEC.3, the Director-General submitted to the Conference specific proposals related to enlisting support as appropriate from outside experts with relevant qualifications and professional experience to establish independent, impartial, expert arrangements to assist a State Party investigating a possible chemical weapons use on its territory to identify those who were

perpetrators, organisers, sponsors or otherwise involved in the use of chemicals as weapons (C-23/DG.17, dated 15 November 2018).

21. Pursuant to paragraph 21 of C-SS-4/DEC.3, the Director-General submitted to the Conference proposals to enhance the capacity and tools of the Secretariat to strengthen implementation of the Convention verification regime; options for further assistance the Secretariat may provide to States Parties to enable them to implement their obligations under the Convention, to enhance chemical security, and to enable international cooperation in the field of chemical activities for purposes not prohibited under the Convention; and other proposals to strengthen the capability of the Secretariat (C-23/DG.16 RC-4/DG.4, dated 15 November 2018).
