2. The present note provides an update on progress made in the implementation of decision 5/2 in terms of the requests set out in paragraph 13.

### **III. Lessons learned**

5. Given the critical role of annual subcommittee meetings in the oversight of programme of work and budget implementation, the timing of meetings and the consideration of programme performance reports should be aligned.

### **IV. Recommendations and suggested actions**

6. The Environment Assembly may wish to take note of the present report and provide further guidance as appropriate.
