United Nations Register of Conventional Arms

Report of the Secretary-General

Summary

The present report, submitted pursuant to General Assembly resolution [71/44](#), contains information received from Member States on the export and import of conventional arms covered by the United Nations Register of Conventional Arms, as well as information on their international transfers of small arms and light weapons, in accordance with the “seven plus one formula” referred to in paragraph 6 (c) of resolution [71/44](#) and the recommendation contained in paragraph 83 of the report of the Secretary-General, with the assistance of a group of governmental experts, on the continuing operation of the United Nations Register of Conventional Arms and its further development ([A/71/259](#)).

The report also contains background information received from Member States on military holdings and procurement through national production for the calendar year 2019. As at the date of submission of the present report, the Secretary-General had received reports from 31 Governments. In addition, as at the date mentioned above, 17 Member States had replied to the questionnaire circulated by the Office for Disarmament Affairs, pursuant to paragraph 6 (a) of resolution [71/44](#).

I. Introduction

1. The present report is the twenty-eighth consolidated report on the United Nations Register of Conventional Arms issued by the Secretary-General since the establishment of the Register.¹ The General Assembly, in its resolution 71/44, called upon Member States to provide, on an annual basis, data and information on international transfers of major conventional arms covered by the Register, including nil reports, and invited them to provide additional background information on military holdings and procurement through national production of arms.

2. The General Assembly also called upon Member States to submit their views on the continuing operation of the Register and its further development, including on whether the absence of small arms and light weapons as a main category in the Register has limited its relevance and directly affected decisions on participation, by completing a questionnaire that was dispatched by the Secretariat. Furthermore, the Assembly requested the Secretary-General to continue to assist Member States to build capacity to submit meaningful reports and encouraged States in a position to do so to provide assistance for this purpose upon request, including capacity to report on small arms and light weapons using the seven plus one formula.

3. On 31 January 2020, the Secretariat sent a note verbale to Member States requesting them to submit their reports and it circulated to Member States the questionnaire referred to in paragraph 6 (a) of resolution 71/44. The note verbale was followed by email reminders. The replies received are reproduced in section II of the present report. Any national reports and additional information received from Governments after the submission of the present report will be made available in the online database, in the original language of submission.

4. The percentage of Member States using the online reporting tool in filing their national reports with the Register has risen, from 20 per cent in 2012, when the tool was introduced, to more than 99 per cent in 2020.

5. The originals of the submissions by Member States are made available to Governments by the Secretariat. The annual reports and other relevant information on the Register of Conventional Arms are available on the website of the United Nations Office for Disarmament Affairs.²

¹ The first 27 reports were issued under the following symbols: [A/48/344](#) and Corr.1-3 and Add.1-3; [A/49/352](#) and Corr.1-2 and Add.1-4; [A/50/547](#) and Corr.1 and Add.1-4; [A/51/300](#) and Add.1-5; [A/52/312](#) and Corr.1-2 and Add.1-4; [A/53/334](#) and Corr.1-2 and Add.1-2; [A/54/226](#) and Corr.1 and Add.1-6; [A/55/299](#) and Corr.1 and Add.1-6; [A/56/257](#) and Corr.1 and Add.1-2; [A/57/221](#) and Corr.1-2 and Add.1-3; [A/58/203](#) and Corr.1-2 and Add.1-2; [A/59/193](#) and Corr.1-2 and Add.1-2; [A/60/160](#) and Corr.1-2 and Add.1-3; [A/61/159](#) and Corr.1-2 and Add.1-3; [A/62/170](#) and Add.1-3; [A/63/120](#) and Add.1-3; [A/64/135](#) and Add.1-3; [A/65/133](#) and Add.1-5; [A/66/127](#) and Corr.1-2; [A/67/212](#) and Corr.1-2 and Add.1-2; and [A/68/138](#) and Add.1; [A/69/124](#) and Add.1; [A/70/168](#) and Add.1; [A/71/138](#) and Add.1; [A/72/331](#); [A/73/185](#); and [A/74/201](#).

Modification of the regulation governing control of exports of military and dual use technology by Royal Decree No. 494/2020 of 28 April 2020

The present modification of export control regulation is carried out in order to intensify controls on the export of defence and law enforcement equipment in certain cases, considering the sensitivity of the operation and national interests. These additional controls include post-shipment verification mechanisms and a new end-user certificate that includes a clause on post-shipment verification of the exported goods. The implementation of such additional control will be decided by the Spanish Licensing Committee with the prior knowledge and collaboration of the recipient governments and end users.

National criteria on transfers:

^a The optional standardized form provides options for reporting only aggregate quantities under the generic categories of “Small arms” and “Light weapons” and/or under their respective subcategories. See the 2006 United Nations information booklet (available at <http://disarmament.un.org/cab/register.html>) for questions and answers regarding the reporting of small arms and light weapons.

^b The descriptions in the categories provided in the optional standardized reporting form do not constitute a definition of “small arms” or “light weapons”.
