III. Recommendations of the First Committee

21. The First Committee recommends to the General Assembly the adoption of the following draft resolutions:

Draft resolution I United Nations disarmament fellowship, training and advisory services

The General Assembly,

Having considered the report of the Secretary-General,¹

Recalling its decision, contained in paragraph 108 of the Final Document of the Tenth Special Session of the General Assembly, the first special session devoted to disarmament,² to establish a programme of fellowships on disarmament, as well as its decisions contained in annex IV to the Concluding Document of the Twelfth Special Session of the General Assembly, the second special session devoted to disarmament,³ including its decision to continue the programme,

Noting that the programme continues to contribute significantly to developing greater awareness of the importance and benefits of disarmament and a better understanding of the concerns of the international community in the field of disarmament and security, as well as to enhancing the knowledge and skills of fellows, allowing them to participate more effectively in efforts in the field of disarmament at all levels,

Recognizing the need for Member States to take into account gender equality when nominating candidates to the programme,

Recalling all the resolutions on the matter since the thirty-seventh session of the General Assembly, in 1982, including resolution 50/71 A of 12 December 1995, resolution 73/73 of 5 December 2018 and resolution 75/74 of 7 December 2020,

Believing that the forms of assistance available under the programme to Member States, in particular to developing countries, will enhance the capabilities of their officials to follow ongoing deliberations and negotiations on disarmament, both bilateral and multilateral,

1. *Reaffirms* its decisions contained in annex IV to the Concluding Document of the Twelfth Special Session of the General Assembly and the guidelines approved by the Assembly in its resolution 33/71 E of 14 December 1978;⁴

2. Notes with satisfaction that the programme has trained 1,076 officials from 170 Member States throughout its more than 44 years of existence, many of whom hold positions of responsibility in the field of disarmament within their own Governments;

3. *Expresses its appreciation* to all Member States and organizations that have consistently supported the programme throughout the years, thereby contributing to its success, in particular to the European Union and to the Governments of Argentina, Brazil, Germany, Japan, Kazakhstan, Pakistan, the

Republic of Korea and Switzerland for continuing extensive and highly educative study visits for the participants in the programme during 2021 and 2022;

4. *Expresses its appreciation* to the International Atomic Energy Agency, the Organisation for the Prohibition of Chemical Weapons, the Preparatory Commission for the Comprehensive Nuclear-Test-Ban Treaty Organization, the International Court of Justice, the International Criminal Court, the Organization for Security and Cooperation in Europe and the Vienna Centre for Disarmament and Non-Proliferation for organizing specific study programmes in the field of disarmament in their respective areas of competence, thereby contributing to the objectives of the programme;

5. *Encourages* Member States to leverage the knowledge of the United Nations disarmament fellows as a useful resource on matters related to disarmament and international security;

6. *Commends* the Secretary-General for the diligence with which the programme has continued to be carried out;

7. *Requests* the Secretary-General to continue to implement annually the programme within existing resources and to report thereon to the General Assembly at its seventy-ninth session;

8. *Decides* to include in the provisional agenda of its seventy-ninth session, under the item entitled "Review and implementation of the Concluding Document of the Twelfth Special Session of the General Assembly", the sub-item entitled "United Nations disarmament fellowship, training and advisory services".

Draft resolution II Convention on the Prohibition of the Use of Nuclear Weapons

The General Assembly,

Convinced that the use of nuclear weapons poses the most serious threat to the survival of humankind,

Bearing in mind the advisory opinion of the International Court of Justice of 8 July 1996 on the legality of the threat or use of nuclear weapons,¹

Convinced that a multilateral, universal and binding agreement prohibiting the use or threat of use of nuclear weapons would contribute to the elimination of the nuclear threat and to the climate for negotiations leading to the ultimate elimination of nuclear weapons, thereby strengthening international peace and security,

Conscious that some steps have been taken by the Russian Federation and the United States of America towards a reduction of their nuclear weapons and that further steps – in all relevant formats – on nuclear arms control and disarmament can contribute to the improvement of the international climate and the goal of the complete elimination of nuclear weapons,

Recalling that, in paragraph 58 of the Final Document of the Tenth Special Session of the General Assembly,² it is stated that all States should actively participate in efforts to bring about conditions in international relations among States in which a code of peaceful conduct of nations in international affairs could be agreed upon and which would preclude the use or threat of use of nuclear weapons,

Reaffirming that any use of nuclear weapons would be a violation of the Charter of the United Nations and a crime against humanity, as declared in its resolutions 1653 (XVI) of 24 November 1961, 33/71 B of 14 December 1978, 34/83 G of 11 December 1979, 35/152 D of 12 December 1980 and 36/92 I of 9 December 1981,

Recognizing that a legally binding prohibition of the use of nuclear weapons is not contrary to but in fact contributes to international efforts for the achievement and maintenance of a world free of nuclear weapons,

Stressing that an international convention on the prohibition of the use of nuclear weapons would be an important step in a phased programme towards the complete elimination of nuclear weapons, with a specified framework of time,

Noting with regret that the Conference on Disarmament, during its 2022 session, was unable to undertake negotiations on this subject as called for in General Assembly resolution 76/56 of 6 December 2021,

1. *Reiterates its request* to the Conference on Disarmament to commence negotiations in order to reach agreement on an international convention prohibiting the use or threat of use of nuclear weapons under any circumstances;

2. *Requests* the Conference on Disarmament to report to the General Assembly on the results of those negotiations.

² Resolution S-10/2.
