Seventy-sixth session
Agenda item 44
Question of Cyprus****Security Council
Seventy-sixth year****Letter dated 29 October 2021 from the Permanent Representative of
Cyprus to the United Nations addressed to the Secretary-General**

Upon instructions from my Government, I am transmitting herewith six separate documents recording the violations of Cyprus' national airspace, the infringements of international air traffic regulations in Cyprus' flight information region and the illegal use of closed ports and airports in Cyprus by Turkey during the months of June, July and August 2021 (see annexes I–VI).*

International civil aviation continues to be faced with a situation where one of the States members of the International Civil Aviation Organization (ICAO), namely Turkey, does not observe fundamental provisions of the Convention on International Civil Aviation and its annexes, thus causing potential risks for international air navigation. Turkey continues to systematically harass civilian and military aircraft within the Nicosia flight information region with radio calls. Furthermore, it instructed the secessionist regime that it has installed in the area of Cyprus under Turkey's illegal military occupation to purportedly issue six so-called "notices to airmen" relating to exercises conducted by the Turkish Air Force.

These actions of Turkey are aimed at undermining Cyprus' sovereignty, consolidating the ongoing de facto division of the island and attempting to upgrade the status of the occupation regime through the alleged existence of a separate airspace over the occupied territory of Cyprus. In fact, they are a part of a systematic and continuing pattern of illegal breaches of Cyprus' sovereignty and territorial integrity.

Regretfully, and despite the clear messages sent out last July by the Security Council, Turkey's aggressive conduct and persistent contempt for international law has recently reached new heights of irresponsible and provocative audacity:

(a) On 3 October 2021, two Turkish warships harassed and prevented the survey vessel "NAUTICAL GEO" – duly licensed by the competent authorities of the Republic of Cyprus – from carrying out a survey on the potential route of the "EASTMED PIPELINE PROJECT", which is an energy plan of regional importance, designated as a project of Common Interest of the European Union.

* Circulated in the language of submission only.

(b) On 13 October 2021, the Turkish occupation regime commenced large-scale infrastructure works in the so-called “pilot area” in the fenced city of Varosha, in total disregard of last July’s clear call by the Security Council ([S/PRST/2021/13](#)) on the Turkish side to stop and reverse the violations of the status quo in Varosha.

(c) On 15 October 2021, the secessionist regime in the occupied area of Cyprus “granted” to the Turkish occupation forces 145 square kilometres of land in the Karpas peninsula, which legally belongs to Greek Cypriot internally displaced persons, apparently for the purpose of constructing a Turkish naval base. Such a move, in conjunction with the already illegally operating Turkish drone base in the occupied area of Cyprus, would constitute another step in the advancement of the Turkish destabilizing agenda of military hegemony in the Eastern Mediterranean.

Turkey’s destabilizing acts in the field are accompanied by aggressive rhetoric, usually featuring fallacious accusations against the very targets of Turkish aggressive behaviour, bogus arguments against Security Council resolutions, which are described by Turkey as obsolete because they simply do not fit the Turkish viewpoint, and calls on “the international community to face the realities on the ground”.

It is obvious that, according to Turkey, the so-called “realities on the ground” are in fact the situation that it has created in Cyprus through the use of force, in violation of Article 2 of the Charter of the United Nations, and the military occupation of one third of the territory of the Republic of Cyprus. Turkey demands that the international community recognize changes born of aggression, in line with the defunct doctrine of the right of conquest, and openly declares that it will continue violating Security Council resolutions, in total disregard of Article 25 of the Charter.

The Security Council must stand behind its resolutions and ensure they have meaning; otherwise, we risk undermining the credibility of the international system.

In spite of all the obstacles, we remain committed to a settlement on the basis of a bizonal, bicomunal federation, with political equality as defined in Security Council resolutions. In that regard, we are encouraged by Your Excellency’s message of persistence and determination in the efforts for the resumption of formal negotiations, as expressed in your most recent reports to the Security Council.

I should be grateful if you would have the present letter and its annexes circulated as a document of the seventy-sixth regular session of the General Assembly under agenda item 44, and of the Security Council.

(Signed) Andreas **Hadjichrysanthou**
