Assemblée générale
Soixante-seizième session
Point 44 de l'ordre du jour
Question de Chypre

Conseil de sécurité
Soixante-dix-septième année

**Lettre datée du 13 avril 2022, adressée au Secrétaire général
par le Représentant permanent de Chypre auprès de l'Organisation
des Nations Unies**

D'ordre de mon gouvernement, j'ai l'honneur de vous faire tenir ci-joint, dans huit annexes distinctes, la liste des violations de l'espace aérien et des eaux territoriales de Chypre et de la réglementation internationale de la circulation aérienne dans la région d'information de vol de Chypre commises par les forces navales et aériennes de la Turquie et celle des cas d'utilisation illégale, par ce pays, de ports et d'aéroports chypriotes fermés, pendant les mois de septembre, octobre, novembre et décembre 2021 (voir annexes I à VIII)*.

Concrètement, 470 violations de l'espace aérien de Chypre et 27 violations de son espace maritime ont été observées au cours de cette période de quatre mois. On notera que 140 des 470 violations de l'espace aérien étaient liées à l'utilisation de drones militaires turcs.

La Turquie a également commis deux autres actes d'agression dans la zone économique exclusive de Chypre au début de 2022 : les 15 et 20 janvier, des frégates turques ont harcelé le navire « NAUTICAL GEO » et l'ont empêché d'effectuer des relevés autorisés par les autorités chypriotes compétentes.

Sur le terrain, la Turquie continue de faire preuve d'une agressivité sans fin, s'appuyant sur la présence de son armée d'occupation et la forte militarisation des zones occupées de Chypre, due notamment à la modernisation constante des infrastructures militaires turques telles que la base de drones militaires de Lefkoniko ou la base navale de Bogazi. L'armée d'occupation essaye régulièrement d'avancer dans la zone tampon. La Force des Nations Unies chargée du maintien de la paix à Chypre continue de faire l'objet de restrictions des mouvements et le régime sécessionniste menace ouvertement, dans ses déclarations publiques, d'expulser la Force des zones occupées.

Au mépris total de l'appel clair lancé par le Conseil de sécurité ([S/PRST/2021/13](#)) qui demandait à la partie turque de mettre fin aux violations du statu quo à Varosha et de revenir sur les mesures qu'elle avait prises, la modification

* Les annexes sont distribuées uniquement dans la langue de l'original.

illégal de la zone reste une priorité pour la puissance occupante et son administration locale subordonnée, qui ont déclaré publiquement qu'elles exploiteraient la zone pour en tirer un bénéfice économique, comme s'il ne leur avait pas suffi d'expulser de force les habitants chypriotes grecs de Varosha puis de voler et piller leurs biens après l'invasion turque de 1974.

Les actes de déstabilisation de la Turquie sur le terrain se doublent d'une rhétorique agressive, qui consiste généralement à lancer des accusations fallacieuses précisément contre les cibles visées par le comportement agressif de la Turquie, à s'opposer, par des arguments spécieux, aux résolutions du Conseil de sécurité de l'ONU, que la Turquie juge caduques au simple motif qu'elles ne répondent pas à ses exigences concernant une « solution des deux États », et à demander à la communauté internationale de « regarder en face les réalités sur le terrain ».

Il va de soi que les « réalités sur le terrain » dont parle la Turquie se rapportent en fait à la situation qu'elle a créée à Chypre par le recours à la force, en violation de l'Article 2 de la Charte des Nations Unies, ainsi qu'à l'occupation militaire permanente d'un tiers du territoire de la République de Chypre. La Turquie exige que la communauté internationale reconnaisse les changements découlant de l'agression, conformément à la doctrine révolue du droit de conquête, et déclare ouvertement qu'elle continuera de violer les résolutions du Conseil de sécurité, au mépris total de l'Article 25 de la Charte. En somme, la Turquie semble vouloir revenir à un monde sans Organisation des Nations Unies, où l'Empire ottoman et d'autres régnaient sur le monde.

Le Conseil de sécurité doit affirmer ses résolutions et s'employer à les faire prévaloir, faute de quoi la crédibilité du système international serait compromise. Les agissements de la Turquie depuis 1974 constituent une violation de l'intégrité territoriale et de la souveraineté de Chypre. La souveraineté et l'intégrité territoriale des États Membres de l'ONU sont protégées et garanties par la Charte des Nations Unies. Les actions de la Turquie témoignent d'un mépris flagrant pour le droit international.

En dépit de tous les obstacles, nous restons attachés à un règlement reposant sur le principe d'une fédération bizonale et bicommunautaire dotée de l'égalité politique, telle que définie dans de nombreuses résolutions du Conseil de sécurité. À cet égard, nous nous félicitons de la persistance et de la détermination avec laquelle vous soutenez les efforts en faveur d'une reprise des négociations officielles, telles qu'exprimées dans vos derniers rapports au Conseil de sécurité.

Je vous serais obligé de bien vouloir faire distribuer le texte de la présente lettre et de ses annexes comme document de l'Assemblée générale, au titre du point 44 de l'ordre du jour, et du Conseil de sécurité.
