## Committee on the Peaceful Uses of Outer Space

### **Information furnished in conformity with General Assembly resolution 1721 B (XVI) by States launching objects into orbit or beyond**

#### **Note verbale dated 20 November 2020 from the Permanent Mission of Egypt to the United Nations (Vienna) addressed to the Secretary-General**

The Permanent Mission of Egypt to the United Nations (Vienna) has the honour to transmit, in accordance with paragraph 1 of General Assembly resolution 1721 B (XVI) of 20 December 1961, information concerning the Egyptian satellite Tiba-1 (see annex).<sup>1</sup>

---

<sup>1</sup> The data on the space object referenced in the annex were entered into the Register of Objects Launched into Outer Space on 25 November 2020.

## Annex

[Original: Arabic]

**Registration data on a space object launched by Egypt\*****Tiba-1****Information provided in conformity with the Convention on Registration of Objects Launched into Outer Space**

|  |  |
|--|--|
| Name of the space object                             | Tiba-1   |
| Committee on Space Research international designator | 2019-080A  |
| National designator/registration number              | Tiba-1   |
| State of registry                                    | Egypt  |
| Other launching States                               | France   |
| Date and territory or location of the launch         | 26 November 2019 at 1823 hours;<br>French Guiana |
| Basic orbital parameters                             |  |
| Nodal period   | 1,436.0 minutes                                  |
| Inclination  | 0.1 degrees                                      |
| Apogee   | 35,801.5 kilometres                              |
| Perigee  | 35,783.5 kilometres                              |
| General function of the space object                 | Communications services                          |
| Date of decay/re-entry/deorbit                       | 26 November 2034 UTC                             |

**Additional voluntary information for use in the Register of Objects Launched into Outer Space**

|   |                      |
|---|----------------------|
| Change of status in operations                      |                      |
| Date when space object is no longer functional      | 26 November 2034 UTC |
| Date when space object is moved to a disposal orbit | 26 November 2034 UTC |
| Geostationary position                              | 35.5 degrees East    |
| Space object owner or operator                      | Government of Egypt  |
| Launch vehicle                                      | Ariane-5             |
