NOTE BY THE SECRETARIAT

This list has been distributed to all selected to participate in the United Nations Conference on New Sources of Energy to be held in Rome from 21 to 31 August 1961.

Pre-Conference registration forms have been sent to all invitees to the Conference. Registration of attendees will open at the FAO building, Viale delle Terme di Caracalla, Rome, commencing Saturday, 19 August.

An asterisk () against names reflected in this list indicates those who have expressed the intention, either directly or by government nomination, to be present. A double asterisk (**) indicates those who have advised that a final decision on their attendance is pending. Where no asterisk appears it denotes either that replies have been received indicating that the invitee cannot arrange to attend or that the Conference Secretariat has not yet received notification of intention.*

It would be appreciated if recipients of this list who wish to attend the Conference and have failed to return the pre-Conference registration forms to the Secretariat or to have otherwise advised their wish to be present, would communicate promptly with the Executive Secretary in order that the necessary records can be completed and the services of the Secretariat can be extended to them.
