Economic Commission for Europe

Eighth Environment for Europe Ministerial Conference

Batumi, Georgia, 8–10 June 2016

Item 2 (b) of the provisional agenda

**The environmental dimension of the 2030 Agenda for Sustainable
Development — moving forward in the pan-European region:
keeping the pan-European environment under review**

Summary of key findings and policy messages of the pan-European* regional assessment of the Sixth Global Environment Outlook

Corrigendum

Paragraph 4

For Four of nine planetary boundaries have been crossed due to human-induced changes: i.e., climate change; biodiversity loss; land-system change; and altered phosphorus and nitrogen cycles *read* Three of nine planetary boundaries have been crossed due to human-induced changes: i.e., climate change; rate of biodiversity loss; and human interference with the nitrogen cycle

Paragraph 19

For Mercury emissions in the region are still significant *read* Mercury pollution in the region is still significant

* In the context of the present document the term “pan-European” applies to the United Nations Economic Commission for Europe region with the exception of Canada and the United States of America.
