Informe de la Junta del Fondo de Adaptación

Nota de la Presidencia de la Junta del Fondo de Adaptación*

Resumen

El presente informe se ha preparado atendiendo a la decisión 1/CMP.3, en que se pidió a la Junta del Fondo de Adaptación que informara sobre sus actividades en cada período de sesiones de la Conferencia de las Partes en calidad de reunión de las Partes en el Protocolo de Kyoto (CP/RP). En él se informa sobre el período comprendido entre el 1 de julio de 2019 y el 30 de junio de 2020, entre otras cosas sobre los progresos realizados con respecto al Fondo de Adaptación, en particular en la ejecución de las tareas encomendadas por la CP/RP, y sobre las decisiones y medidas adoptadas por la Junta del Fondo de Adaptación de las que deberán tomar nota la CP/RP y la Conferencia de las Partes en calidad de reunión de las Partes en el Acuerdo de París, según proceda.

* El presente informe fue aprobado por la Junta en su forma revisada para no exceder el límite de palabras que se aplica a la parte principal del documento. La colocación de determinadas secciones en los anexos no indica una jerarquía de las cuestiones tratadas en este informe.

I. Introducción

A. Mandato

1. La CP, en su séptimo período de sesiones, decidió establecer el FA¹. La CP/RP, en su tercer período de sesiones, decidió que la entidad encargada del funcionamiento del FA sería la Junta del FA, con los servicios de una secretaría y de un administrador fiduciario².
2. La CP/RP, en su tercer período de sesiones, pidió a la Junta del FA que informara sobre sus actividades en cada período de sesiones de la CP/RP, e invitó al FMAM a que proporcionara servicios de secretaría a la Junta y al Banco Mundial a que actuara como administrador fiduciario del FA, ambos a título provisional³.
3. La CP/RA, en su 1^{er} período de sesiones, y la CP/RP, en su 14º período de sesiones, decidieron que el FA estaría al servicio del Acuerdo de París, bajo la orientación de la CP/RA y rindiendo cuentas a esta, con respecto a todos los asuntos relacionados con el Acuerdo de París, a partir del 1 de enero de 2019. La CP/RP, en su 14º período de sesiones, decidió asimismo que el FA seguiría estando al servicio del Protocolo de Kyoto hasta que se dispusiera de la parte de los fondos devengados en virtud del artículo 6, párrafo 4, del Acuerdo de París⁴.

B. Objeto del informe

4. En el presente informe se exponen los progresos realizados con respecto al FA, en particular en la ejecución de las tareas encomendadas por la CP/RP, y se formulan recomendaciones sobre las medidas que podrían adoptar la CP/RP y la CP/RA si lo consideran oportuno. Dado que la CP/RA no ha impartido orientación concreta sobre los asuntos relacionados con el Acuerdo de París que deberían abordarse activamente en el ámbito del FA, el presente informe no contiene información específica al respecto. La Junta del FA agradecería recibir orientación de la CP/RA en relación con todos estos asuntos. A menos que se indique otra cosa, el informe se refiere al período comprendido entre el 1 de julio de 2019 y el 30 de junio de 2020.

II. Recomendaciones sobre las medidas que podrían adoptar la Conferencia de las Partes en calidad de reunión de las Partes en el Protocolo de Kyoto en su 16º período de sesiones y/o la Conferencia de las Partes en calidad de reunión de las Partes en el Acuerdo de París en su 3^{er} período de sesiones

5. La CP/RP y/o la CP/RA tal vez deseen ofrecer orientación o aclaraciones sobre la cuestión de las Partes que tienen derecho a recibir financiación del FA, que se menciona en el párrafo 1 de la decisión 1/CMP.3 y se refleja en los párrafos 5 y 10 de las prioridades, políticas y directrices estratégicas del FA⁵, aprobadas en la CP/RP 4⁶. La Junta del FA ha invitado con anterioridad a la CP/RP y/o a la CP/RA a que ofrezcan orientación o aclaraciones sobre cómo tratar las solicitudes de financiación de las Partes que son o bien Partes en el Protocolo de Kyoto o en el Acuerdo de París, pero no en ambos⁷. La secretaría

³ Decisión 1/CMP.3, párrs. 5 l), 19 y 23.

⁴ Decisiones 13/CMA.1, párr. 1, y 1/CMP.14, párrs. 1 y 2.

⁵ Puede consultarse en <https://www.adaptation-fund.org/document/strategic-priorities-policies-and-guidelines-of-the-adaptation-fund-adopted-by-the-cmp-annex-i-to-the-opg/>.

⁶ Véase la decisión 1/CMP.4, párr. 6 y anexo IV.

⁷ Véase el documento FCCC/KP/CMP/2019/4/Add.1–FCCC/PA/CMA/2019/2/Add.1, anexo, párrs. 42, 43 y 47.

de la Junta ha recibido una solicitud de financiación de estas características, junto con la candidatura de una autoridad designada de un país que no es Parte en Protocolo de Kyoto pero que se encontraba en proceso de ratificación del Acuerdo de París⁸.

6. La CP/RP tal vez desee tomar nota de las repercusiones que podría tener el aplazamiento de la CP 26 para las elecciones, la composición y el *quorum* de la Junta del FA en 2021, si no se adopta ninguna medida antes de su reunión prevista en marzo de 2021 para resolver las dificultades derivadas del hecho de que en el reglamento de la Junta⁹ no figure ninguna disposición que permita a los miembros y los miembros suplentes permanecer en el cargo hasta que se haya elegido a sus sucesores. Dado que la mitad de los miembros de la Junta deben ser elegidos en el 16º período de sesiones de la CP/RP, si esta no adopta ninguna medida en el ínterin la Junta podría verse afectada, ya que quedarían vacantes un número importante de puestos y no se alcanzaría el *quorum*.

7. La Junta del FA invita a la CP/RP y/o a la CP/RA a que tomen nota de los siguientes eventos, cifras, medidas y decisiones clave del período que abarca el informe:

a) La Junta concedió la acreditación a 3 ERN y a 1 ERM (y otorgó a las ERN acceso directo a los recursos del FA), con lo que el número total de ER acreditadas asciende a 32 ERN (9 en los PMA y 7 en los PEID), 6 ERR y 13 ERM. De las 51 ER acreditadas, 25 (12 ERN, 3 ERR y 10 ERM) obtuvieron la renovación de la acreditación;

b) El importe acumulado de los ingresos del Fondo Fiduciario del FA alcanzó los 978,32 millones de dólares de los Estados Unidos, de los cuales 204,74 millones corresponden a la monetización de RCE, 735,25 millones proceden de contribuciones y 38,33 millones son el rendimiento generado por la inversión del saldo del Fondo Fiduciario (al 30 de junio de 2020). El importe de los ingresos recibidos durante el período del que se informa alcanzó los 91,23 millones de dólares, de los cuales 3,33 millones corresponden a la monetización de RCE, 77,32 millones proceden de contribuciones adicionales y 10,58 millones son el rendimiento generado por la inversión;

c) Se recibieron contribuciones por valor de aproximadamente 77,32 millones de dólares de Alemania, España, Irlanda, Noruega, Polonia, Suecia, Suiza y las regiones belgas de Bruselas Capital y Flandes. Además, la secretaría de la Junta y el administrador fiduciario se dispusieron a recibir una contribución de la Fundación pro Naciones Unidas compuesta por diversas donaciones individuales realizadas durante el período del que se informa;

d) Al 30 de junio de 2020, las promesas de contribuciones pendientes ascendían a un total de 21,85 millones de dólares;

e) El importe acumulado de los proyectos y programas aprobados se incrementó en un 32 % y alcanzó los 744,58 millones de dólares (al 30 de junio de 2020);

f) Las nuevas solicitudes de financiación aprobadas, entre ellas propuestas concretas de países individuales y propuestas regionales (multinacionales), propuestas de ayudas en el marco de la Estrategia a Medio Plazo¹⁰ y ayudas a la preparación, ascendieron a un total de 180,5 millones de dólares;

g) Se aprobaron 16 propuestas de proyectos o programas de países individuales presentadas por ER, por un valor total de 109,8 millones de dólares, entre ellas 3 propuestas presentadas por las ERN de Indonesia y la República Unida de Tanzania (2 propuestas), por un total de 3,0 millones de dólares. Se aprobó 1 propuesta de país individual presentada por una ERR, por un valor de 9,9 millones de dólares, para Santa Lucía. Por último, se aprobaron 12 propuestas de países individuales presentadas por ERM, por un total de 97,0 millones de dólares, para el Congo, El Salvador, Georgia, Lesotho, Malawi, el Pakistán, la República de

⁸ En relación con la situación de los asuntos relacionados con el FA y el Acuerdo de París, véase el anexo IX.

¹⁰ Véase <https://www.adaptation-fund.org/document/medium-term-strategy-2018-2022/>.

Moldova, la República Democrática Popular Lao, Sierra Leona, Tayikistán, Túnez y Vietnam;

h) Se aprobaron cinco proyectos regionales (multinacionales) con una financiación de 60,0 millones de dólares, de los cuales se destinaron 11,5 millones a Benín, Burkina Faso y el Níger; 14,0 millones a la Argentina y el Uruguay; 13,1 millones a Djibouti, Kenya, el Sudán y Uganda; 7,4 millones a Chile, Colombia y el Perú; y 13,9 millones a las Comoras, Madagascar, Malawi y Mozambique. Además, recordando su decisión de financiar con hasta 60,0 millones de dólares las propuestas de proyectos y programas regionales en el ejercicio económico de 2020 (1 de julio de 2019 a 30 de junio de 2020)¹¹, la Junta, en el período entre la primera y la segunda parte de su 35^a reunión, tomó nota de la recomendación del CEPP de que se aprobara un proyecto regional adicional, por valor de 6,5 millones de dólares, para el que no se disponía de financiación procedente de la reserva provisional de fondos, y decidió inscribirlo en una lista de espera para que se examinara su aprobación en el período entre reuniones, con sujeción a la disponibilidad de fondos;

i) Siguieron llevándose a cabo actividades en el marco de la Estrategia a Medio Plazo, entre ellas los ciclos de examen segundo y tercero de las ventanillas de financiación en forma de donaciones para la innovación, el aprendizaje y la aplicación de proyectos a mayor escala y la aprobación por la Junta de las dos primeras propuestas de pequeñas donaciones para la innovación y de la primera propuesta de donación para la aplicación de proyectos a mayor escala, por un total de 560.000 dólares; la puesta en marcha de dos nuevos programas de agregación para la innovación gestionados por ERM, por un total de 10 millones de dólares, que permiten a entidades no acreditadas acceder a pequeñas donaciones para la innovación por conducto de dos ERM acreditadas; y la facilitación de la segunda reunión del Comité de la Comunidad de Intercambio de Prácticas para Entidades con Acceso Directo, que se celebró con la participación del FVC. No obstante, algunas actividades previstas en los ámbitos de la preparación y el fomento de la capacidad tuvieron que posponerse debido a la pandemia de COVID-19;

j) Las decisiones aprobadas sobre la financiación de ayudas en el marco de la Estrategia a Medio Plazo ascendieron a 10.560.250 dólares, de los cuales 461.250 dólares se destinaron a pequeñas donaciones para la innovación, 10.000.000 dólares a donaciones para la innovación mediante programas de agregación gestionados por ERM y 99.000 dólares a donaciones para la aplicación de proyectos a mayor escala;

k) Las decisiones aprobadas sobre la financiación de ayudas a la preparación ascendió a 175.000 dólares, de los cuales 100.000 dólares se destinaron a donaciones para la cooperación Sur-Sur y 75.000 dólares a donaciones de asistencia técnica para la política en materia de salvaguardias ambientales y sociales y la política de género del FA (en el cuadro IV.6 figura un resumen de todas las decisiones sobre ayudas a la preparación);

l) Los desembolsos acumulados por los 107 proyectos aprobados desde la puesta en funcionamiento del FA alcanzaron los 411,8 millones de dólares, de los cuales 62,9 millones de dólares se desembolsaron durante el período que abarca el informe. Un total de 59 proyectos estuvieron en proceso de ejecución durante el período que se examina: 5 de ellos empezaron a ejecutarse, y 1 llegó a su fin;

m) En vista de la pandemia de COVID-19 y de las múltiples dificultades que conllevó para las operaciones del FA, en particular para la ejecución de proyectos, la elaboración de nuevos programas y la organización de reuniones presenciales de la Junta, se tomaron medidas proactivas para ayudar a las Partes y a las ER a mitigar los efectos de la COVID-19 y a minimizar cualquier disrupción conexa;

n) Los recursos disponibles para la aprobación de financiación nueva ascendían a 167,2 millones de dólares al 30 de junio de 2020;

o) La demanda y las necesidades de financiación del FA siguieron creciendo, con una cartera activa de propuestas de proyectos y programas presentadas pero no aprobadas por

¹¹ Decisión B.33/12 de la Junta del FA. <https://www.adaptation-fund.org/documents-publications/meeting-documents/>.

un valor de aproximadamente 286 millones de dólares (al 30 de junio de 2020), lo que refleja una tendencia al alza respecto a años anteriores;

p) Se realizó una labor de comunicación e información dirigida específicamente a los interesados en el FA y a la comunidad de la financiación para el clima en general, centrada en temas como el valor excepcional del trabajo pionero del FA, que podría desarrollarse a mayor escala; la aplicación de la Estrategia a Medio Plazo; la respuesta a la COVID-19; y la contribución del FA al logro de una mayor resiliencia;

q) Como parte del marco de gestión del conocimiento del FA, se puso en marcha un curso de aprendizaje virtual, disponible de forma gratuita en inglés, francés y español, sobre el desbloqueo de la financiación para la adaptación y el acceso al FA, y el Fondo participó en la vía de acción de la Comisión Global de Adaptación, dirigida a nivel local;

r) La Junta examinó los asuntos relacionados con el Acuerdo de París¹²;

s) Se promovieron los vínculos del FA con otros órganos en el marco de la Convención, como el Comité de Adaptación, el Centro y Red de Tecnología del Clima, el FVC, el FMAM, el CPFC y el Comité Permanente de Financiación. La Junta examinó vínculos entre el FA y el FVC, en particular un marco para promover la aplicación a mayor escala de los proyectos financiados;

t) La Junta adoptó una serie de decisiones políticas relativas a la aprobación y ejecución de proyectos, entre otras cosas para racionalizar el proceso de examen de proyectos y programas y para actualizar la política relativa a los retrasos de proyectos y programas;

u) Se llevó a cabo el examen general de la aplicación de la política y el plan de acción sobre el género del FA¹³, se puso en marcha el proceso para actualizarlos y se publicó un estudio de caso relativo al género¹⁴;

v) La Junta estudió opciones para seguir aumentando la colaboración con la sociedad civil y la participación de esta en su labor;

w) Durante su primer año de funcionamiento, el Grupo de Referencia de Evaluación Técnica del FA llevó a cabo actividades que sirvieron de base para elaborar y aprobar su estrategia y programa de trabajo multianuales y su correspondiente presupuesto bienal, en respuesta a su mandato y a sus tres funciones de evaluación, asesoramiento y supervisión.

III. Labor realizada durante el período del que se informa

8. La Junta del FA celebró una reunión presencial en Bonn y convocó una reunión virtual de procedimiento a través de un sistema de conferencias en línea debido a las circunstancias de la pandemia de COVID-19. Los programas y anotaciones (incluida la documentación de antecedentes sobre los temas de los programas) y los informes detallados de las reuniones pueden consultarse en el sitio web del FA¹⁵.

¹² De conformidad con la decisión 1/CMP.14, párr. 6.

¹³ El documento final se puede consultar en <https://www.adaptation-fund.org/document/assessment-report-on-progress-in-the-implementation-of-the-adaptation-funds-gender-policy-and-gender-action-plan/>.

¹⁴ Fondo de Adaptación. 2020. *Assessing Progress: Integrating Gender in Adaptation Fund Projects and Programmes*. Washington, D.C.: Fondo de Adaptación. Puede consultarse en <https://www.adaptation-fund.org/document/assessing-progress-integrating-gender-in-adaptation-fund-projects-and-programmes>. El documento ofrece un panorama general de las cuestiones de género en los proyectos financiados por el FA, incluidos estudios de casos extraídos de la cartera del Fondo, con el objetivo de mejorar la comprensión de estas cuestiones entre las ER y de generar y compartir conocimientos sobre buenas prácticas y metodologías en la promoción de la igualdad de género y el empoderamiento de las mujeres en los proyectos financiados por el FA, lo que contribuirá a reforzar el impacto de los proyectos.

A. Elección del Presidente y el Vicepresidente de la Junta del Fondo de Adaptación

9. En la primera parte de su 35^a reunión, la Junta eligió por consenso¹⁶ a Ibila Djibril (Benin, Estados de África) como Presidente y a Mattias Broman (Suecia, Partes del anexo I) como Vicepresidente.

B. Composición de la Junta del Fondo de Adaptación

10. Varios miembros y miembros suplentes de la Junta fueron sustituidos tras las elecciones celebradas en la CP/RP 15. Al término del período del que se informa quedaba por cubrir un puesto de miembro suplente de los Estados de Europa Occidental y otros Estados.

11. El aplazamiento de la CP 26 podría tener repercusiones para las elecciones, la composición y el *quorum* de la Junta en 2021, si no se adopta ninguna medida antes de su reunión prevista en marzo de 2021 para resolver las dificultades derivadas del hecho de que en el reglamento de la Junta no figure ninguna disposición que permita a los miembros y los miembros suplentes permanecer en el cargo hasta que se haya elegido a sus sucesores.

12. La lista completa de los actuales miembros y miembros suplentes de la Junta figura en el anexo I.

C. Reuniones de la Junta del Fondo de Adaptación celebradas en 2020

13. La Junta adoptó un calendario de reuniones para 2020 (véase el cuadro que figura a continuación). Su 35^a reunión, que inicialmente debía celebrarse de forma presencial los días 2 y 3 de abril de 2020 en Bonn, se canceló debido a la pandemia de COVID-19 y se sustituyó por una reunión virtual en dos partes¹⁷. La primera parte consistió en una reunión virtual de procedimiento, en la que se abordó la cuestión de la transición de los miembros, incluidos los Presidentes y Vicepresidentes de la Junta, el CEF y el CEPP. La segunda parte de la reunión, inicialmente programada para los días 25 y 26 de junio en Bonn, también terminó por aplazarse y se celebró de forma virtual en octubre, al no haberse resuelto la situación de pandemia. Durante el período transcurrido entre la primera y la segunda parte de su 35^a reunión, la Junta examinó temas urgentes de los programas del CEF y el CEPP y tomó decisiones al respecto.

Reuniones de la Junta del Fondo de Adaptación celebradas en 2020

Reunión y fechas	Lugar
Primera parte de la 35 ^a reunión, 2 de abril (virtual)	Bonn ^a
Segunda parte de la 35 ^a reunión, 15 y 16 de octubre (virtual)	Bonn ^a

^a De conformidad con el párr. 18 del reglamento de la Junta del FA.

D. Recursos del Fondo Fiduciario del Fondo de Adaptación

14. Al 30 de junio de 2020, el administrador fiduciario había vendido 28,9 millones de RCE del FA, a un precio medio de 7,08 dólares de los Estados Unidos por unidad, lo que había generado ingresos por valor de 204,7 millones de dólares. Los ingresos correspondientes a la monetización de RCE ascendieron a 3,3 millones de dólares en el

¹⁶ De conformidad con la decisión 1/CMP.3, párr. 13.

¹⁷ De conformidad con el párrafo 18 del reglamento de la Junta, se consideró que ambas partes de la reunión se habían celebrado en la sede de la secretaría de la Convención en Bonn.

período del que se informa. Al 30 de junio de 2020, aún quedaban disponibles para la venta 11,5 millones de RCE, de conformidad con las directrices sobre el programa de monetización de las RCE aprobadas por la Junta¹⁸. Hasta la fecha, la Junta ha dado instrucciones al administrador fiduciario para la transferencia de 413,1 millones de dólares a las ER.

15. Los fondos disponibles para la aprobación de financiación nueva ascendían a 167,2 millones de dólares al 30 de junio de 2020.

E. Plan de trabajo de la Junta del Fondo de Adaptación

16. Durante el período transcurrido entre la primera y la segunda parte de su 35^a reunión, la Junta adoptó su plan de trabajo para el ejercicio económico comprendido entre el 1 de julio de 2020 y el 30 de junio de 2021¹⁹.

F. Presupuesto de la Junta del Fondo de Adaptación, la secretaría y el administrador fiduciario

17. Durante el período transcurrido entre la primera y la segunda parte de su 35^a reunión, la Junta examinó y aprobó los recursos para apoyar su labor y la de su secretaría y el administrador fiduciario hasta el 30 de junio de 2021 (véase el anexo II)²⁰. Al 30 de junio de 2020, las necesidades estimadas del presupuesto administrativo aprobadas para el ejercicio económico de 2021 de la Junta, su secretaría, su función de evaluación y el administrador fiduciario se cifraban en 7.438.715 dólares, lo que representa un aumento del 10,6 % con respecto al año anterior. El presupuesto aprobado tiene en cuenta la realización de una serie de actividades en el marco de la Estrategia a Medio Plazo y la función de evaluación del FA, que se puso en marcha durante el período del que se informa. Además, la Junta aprobó el presupuesto administrativo continuo de 1.187.071 dólares correspondiente a su función de evaluación (el Grupo de Referencia de Evaluación Técnica del FA y su secretaría) para el ejercicio económico de 2022, del 1 de julio de 2021 al 30 de junio de 2022.

G. Acreditación de entidades de realización

18. El Grupo de Acreditación se reunió en dos ocasiones durante el período del que se informa. La Junta del FA eligió a Eleonora Cogo (Italia, Europa Occidental y otros Estados) como Presidenta y a Evans Njewa (Malawi, Partes no incluidas en el anexo I) como Vicepresidente. El Grupo de Acreditación está integrado por estos dos miembros de la Junta y por cuatro miembros expertos independientes.

19. La Junta examinó las recomendaciones del Grupo de Acreditación y aprobó la acreditación de tres ERN, a saber, el Organismo de Gestión Ambiental del Zimbabue, el Ministerio de Finanzas y Desarrollo Económico de Tuvalu y el Fondo Interprofesional de Investigación y Asesoramiento Agrícola de Côte d'Ivoire, y de una ERM, la FAO. Al final del período del que se informa, había 32 ERN, 6 ERR y 13 ERM, entre ellas 9 ERN en PMA y 7 ERN en PEID. Al 30 de junio de 2020, 11 ERN en PMA y 7 en PEID estaban en proceso de acreditación. De las 51 ER acreditadas al 30 de junio de 2020, 25 (12 ERN, 3 ERR y 10 ERM) habían obtenido la renovación de la acreditación. La lista de las ER acreditadas figura en el anexo III.

20. En la 34^a reunión de la Junta, celebrada los días 10 y 11 de octubre de 2019, se debatió sobre las consecuencias que la expiración de la acreditación de ER podría tener en la ejecución de los proyectos y sobre la cuestión del acuerdo jurídico estándar del FA, y la Junta

¹⁸ Se puede consultar en <https://www.adaptation-fund.org/document/cer-monetization-program-guidelines-updated-march-2012/>.

¹⁹ Véase la decisión B.33/49 de la Junta del FA.

²⁰ Véase la decisión B.33/50 de la Junta del FA.

aprobó un proceso de reacreditación revisado²¹ ²², así como un acuerdo jurídico estándar revisado²³.

H. Comités de la Junta del Fondo de Adaptación

21. El CEF y el CEPP, establecidos por la Junta del FA en 2009, se reunieron en una ocasión durante el período del que se informa, dos días antes de la 34^a reunión de la Junta. Sylviane Bilgischer (Bélgica, Partes del Anexo I) fue elegida Presidenta del CEF, y Mohamed Zmerli (Túnez, Partes no incluidas en el Anexo I), Vicepresidente; y Lucas di Pietro Paolo (Argentina, Partes no incluidas en el Anexo I) fue elegido Presidente del CEPP, y Susana Castro-Acuña Baixauli (España, Estados de Europa Occidental y otros Estados), Vicepresidenta. Los Comités también trabajaron de forma virtual en el período entre reuniones, y formularon recomendaciones a la Junta.

22. Tras el examen correspondiente, el CEF formuló recomendaciones a la Junta sobre el informe anual de desempeño del FA para el ejercicio económico de 2019; la revisión del formulario de seguimiento de resultados y la actualización de las orientaciones sobre el formulario revisado; el análisis de los retrasos en el inicio de los proyectos; la evaluación de las normas de acreditación del FVC, incluido un análisis de las deficiencias; y el plan de trabajo y el presupuesto administrativo de la Junta del FA, su secretaría, su función de evaluación y el administrador fiduciario para el ejercicio económico de 2021.

23. Al final del período del que se informa, el CEPP había examinado 11 conceptos de proyectos de países individuales y 33 propuestas completas de proyectos de países individuales, lo que representaba 29 propuestas de proyectos distintos. Esos exámenes tuvieron lugar en una reunión y en dos períodos de examen organizados entre reuniones. El CEPP había examinado también 4 conceptos preliminares, 2 conceptos desarrollados y 6 documentos de proyecto para la realización de proyectos y programas regionales (multinacionales), que representaban 12 propuestas de proyectos y programas distintos.

24. El CEPP examinó y comunicó a la Junta los resultados de sus deliberaciones sobre el Programa de Innovación del FA. La Junta aprobó dos pequeñas donaciones para la innovación mediante acceso directo y dos programas de agregación ejecutados por el PNUD y el PNUMA en calidad de ERM, y decidió probar un programa simplificado para las reuniones del Comité en lo relativo a proyectos y programas. A partir de un debate del CEPP en vista del importante y rápido aumento del volumen global de propuestas presentadas al FA, y de un documento preparado por la secretaría de la Junta²⁴, esta última decidió aprobar un proceso simplificado para que el CEPP examinara las propuestas de proyectos y programas en sus reuniones²⁵.

I. Decisiones de financiación relativas a proyectos y programas de adaptación

25. La Junta del FA aprobó la financiación de 16 propuestas de países individuales, por un importe total de 109,8 millones de dólares de los Estados Unidos, y de 5 propuestas regionales (multinacionales) por un importe total de 60,0 millones de dólares durante el período del que se informa (véase el anexo IV). Además, un proyecto regional con un importe de financiación solicitado de 6,5 millones de dólares, para el que no se disponía de fondos de la suma provisionalmente reservada por la Junta para proyectos y programas regionales en

²⁵ Decisión B.34/50 de la Junta del FA.

su 33^a reunión²⁶, se incluyó en una lista de espera, que se aprobará cuando se disponga de recursos²⁷.

26. Durante el período del que se informa, se aprobó o se recomendó aprobar la financiación de las propuestas de país individual presentadas por el Congo, El Salvador, Georgia, Indonesia, Lesotho, Malawi, el Pakistán, la República de Moldova, la República Democrática Popular Lao, la República Unida de Tanzanía, Santa Lucía, Sierra Leona, Tayikistán, Túnez y Viet Nam. Las propuestas regionales cuya financiación se aprobó o se recomendó aprobar en la ventanilla de financiación para proyectos y programas regionales durante el período del que se informa incluían a la Argentina, Benín, Burkina Faso, Chile, Colombia, las Comoras, Djibouti, Ghana, Kenya, Madagascar, Malawi, Mozambique, el Níger, el Perú, el Sudán, Uganda y el Uruguay. La propuesta regional que se incluyó en una lista de espera durante el período del informe para ser aprobada cuando se dispusiera de recursos se refería a Kazajstán, Kirguistán, Tayikistán y Uzbekistán.

27. La Junta del FA aprobó 9 conceptos de proyectos de países individuales, correspondientes a Belice, Gambia, Indonesia (4 conceptos), Namibia, la República Unida de Tanzanía y Vietnam, por un importe total de 30,3 millones de dólares en sus reuniones celebradas durante el período que se examina, y aprobó 6 donaciones para la formulación de proyectos y 2 donaciones para asistencia a la formulación de proyectos destinadas a proyectos que habían sido presentados por ERN, por un total de 219.830 dólares.

28. En el marco de la ventanilla de financiación para proyectos y programas regionales, la Junta refrendó un concepto de proyecto por un valor total de 4,8 millones de dólares, correspondiente a un proyecto regional en Camboya, Myanmar, la República Democrática Popular Lao, Tailandia y Vietnam. La Junta también refrendó cuatro conceptos preliminares de proyectos regionales por un valor total de 53,7 millones de dólares, correspondientes a proyectos regionales en Angola y Namibia; Benín, Burkina Faso, Côte d'Ivoire, Gambia, Ghana, Guinea, Liberia, Malí, el Níger, Nigeria, el Senegal, Sierra Leona y el Togo; Antigua y Barbuda, Dominica y Santa Lucía; y Azerbaiyán y la República Islámica del Irán. Asimismo, la Junta aprobó donaciones para la formulación de proyectos por valor de 160.000 dólares para los conceptos preliminares y desarrollados que se habían refrendado. Las propuestas completas que se aprobaron y los conceptos preliminares y desarrollados que se refrendaron se referían a los sectores de la reducción del riesgo de desastres, la seguridad alimentaria, la silvicultura, el desarrollo urbano, la gestión del agua, la ordenación de las zonas costeras, el desarrollo rural y la agricultura (véanse las figuras IV.1 a IV.3).

29. En su 11º período de sesiones, la CP/RP pidió a la Junta que, en los informes que le presentara, proporcionara más información sobre la situación de los proyectos de la cartera del FA, incluidos proyectos en diferentes etapas de desarrollo²⁸. La información solicitada figura en el anexo V.

30. Atendiendo a las sugerencias y peticiones formuladas por la sociedad civil y las ONG observadoras, todas las propuestas de proyectos y programas se publican, tal como se reciben, en el sitio web del FA, y los interesados que lo deseen pueden enviar sus observaciones al respecto para que se publiquen en línea. Las observaciones sobre las propuestas presentadas a la Junta pueden enviarse por vía electrónica a la secretaría²⁹, y consultarse en la página del sitio web correspondiente a los proyectos; además, se incluyen en el documento de proyecto respectivo que se presenta al CEPP.

J. Estrategia a Medio Plazo

31. La Junta del FA aprobó la Estrategia a Medio Plazo en octubre de 2017, en su 30^a reunión. La Estrategia se basa en el actual mandato del FA y en un análisis de sus principales puntos fuertes y de su capacidad para contribuir al cumplimiento de los objetivos dimanantes de la Agenda 2030 para el Desarrollo Sostenible y del Acuerdo de París. La

²⁶ Decisión B.33/12 de la Junta del FA.

²⁷ Decisión B.35.a-35.b/25 de la Junta del FA.

²⁸ Decisión 1/CMP.11, párr. 11.

²⁹ Véase <https://www.adaptation-fund.org/contact/>.

Estrategia define los principales pilares del apoyo a los países en desarrollo vulnerables: acción, innovación y aprendizaje e intercambio. Establece que se deberá agilizar la aplicación de medidas de adaptación en los países en desarrollo y mejorar su calidad, así como apoyar proyectos y programas dirigidos por los propios países, la innovación y el aprendizaje y el intercambio, a nivel mundial y en múltiples niveles, en aras de una adaptación eficaz. De conformidad con la Estrategia, todas las actividades deben diseñarse de tal modo que tengan en cuenta la perspectiva de género y beneficien a los más vulnerables. Aunque el FA ha apoyado la innovación y el aprendizaje desde su misma creación, la Estrategia prevé una financiación específica para estas actividades, como el apoyo para ampliar a otros países y regiones aquellas tecnologías y prácticas de adaptación innovadoras que hayan demostrado ser eficaces.

32. En el plan de ejecución de la Estrategia a Medio Plazo, aprobado por la Junta en su 31^a reunión, se pidió a la secretaría de la Junta que facilitara la aplicación del plan y que preparara, para cada nuevo tipo de donación y ventanilla de financiación propuestos, un documento específico que detallara los objetivos, los criterios de examen, los montos previstos de las donaciones, las modalidades de implementación, el proceso de examen y otras características pertinentes, y lo presentara a la Junta para su examen³⁰. Durante el período del que se informa, la secretaría de la Junta siguió facilitando la aplicación de la Estrategia. En su 34^a reunión, la Junta examinó 6 propuestas de pequeñas donaciones, entre ellas 3 propuestas de innovación, 1 propuesta de aprendizaje y 2 propuestas de aplicación a mayor escala, cada una de ellas dirigida a ERN. Siguiendo las recomendaciones del CEPP, la Junta aprobó las 2 primeras propuestas de pequeñas donaciones para la innovación y la primera propuesta de donación para la aplicación a mayor escala.

33. En el marco de la ventanilla para la innovación, la Junta aprobó dos propuestas completas de programas presentadas por el PNUD y el PNUMA en calidad de ERM, por un importe de 5 millones de dólares cada una, para establecer y poner en funcionamiento dos programas de agregación con el fin de conceder pequeñas donaciones para la innovación a entidades no acreditadas. Los dos programas de agregación gestionados por ERM se pusieron en marcha en la Conferencia de las Naciones Unidas sobre el Cambio Climático celebrada en Madrid, y abrieron nuevas oportunidades de financiación especial para los países en desarrollo que aún no tienen ERN, así como para el sector privado, en apoyo de la innovación en la adaptación. Las decisiones aprobadas sobre la financiación de ayudas en el marco de la Estrategia a Medio Plazo ascendieron a 10.560.250 dólares, lo que incluye 10.000.000 de dólares en donaciones para la innovación mediante programas de agregación gestionados por ERM, 461.250 dólares en pequeñas donaciones para la innovación y 99.000 dólares en donaciones para la aplicación de proyectos a mayor escala.

34. Además, la secretaría de la Junta llevó a cabo exámenes técnicos de tres nuevas propuestas de pequeñas donaciones para la innovación y una propuesta de donación para el aprendizaje sometidas a la consideración de la Junta en su 35^a reunión, y que no pudieron examinarse durante el período que abarca el informe debido al aplazamiento de la segunda parte de la 35^a reunión y a la decisión previa de la Junta de que esas propuestas solo se examinarían en sus reuniones ordinarias³¹.

K. Seguimiento de la cartera

35. Durante el período del que se informa estuvieron en proceso de ejecución un total de 59 proyectos, de los cuales 5 empezaron a ejecutarse y 1 llegó a su fin. Al término del período que abarca el informe se habían desembolsado un total de 411,8 millones de dólares de los Estados Unidos en los 107 proyectos aprobados desde la puesta en funcionamiento del FA, de los cuales 62,9 millones se desembolsaron durante dicho período. África cuenta con la cifra más alta de financiación en forma de donaciones aprobada hasta la fecha, con un total de 295,3 millones de dólares en donaciones (el 40,4 %) otorgadas a 37 proyectos; la siguen América Latina y el Caribe, con 215,8 millones de dólares en donaciones (el 29,6 %) otorgadas a 27 proyectos; Asia y el Pacífico, con 189,6 millones de dólares en donaciones

³⁰ Decisión B.31/32 de la Junta del FA.

³¹ Decisión B.34/41 de la Junta del FA.

(el 25,9 %) concedidas a 35 proyectos; y Europa Oriental, con 6 proyectos y una financiación aprobada de 29,8 millones de dólares (el 4,1 %). Dos programas por un total de 10 millones de dólares (los programas de agregación para ayudas a la innovación gestionados por el PNUD y el PNUMA en calidad de ERM) funcionan a nivel mundial.

36. Por sectores, la mayor cuantía en concepto de donaciones se asignó a proyectos de adaptación en el sector de la reducción del riesgo de desastres, con 140,6 millones de dólares aprobados (el 19,2 %), seguido de cerca por el sector de la seguridad alimentaria, con 115,1 millones de dólares (el 15,8 %), y el sector de la agricultura, con 96,5 millones de dólares (el 13,2 %) (véase la figura IV.3). El décimo informe anual de desempeño del FA, correspondiente al período comprendido entre el 1 de julio de 2019 y el 30 de junio de 2020, será examinado por la Junta en su 36^a reunión.

37. Se hace un seguimiento de la forma en que se distribuye el importe total de las donaciones atendiendo a cada resultado fijado para el FA en su marco de resultados estratégicos. La cifra más alta de financiación en forma de donaciones se ha destinado al resultado cuatro del marco, “Aumento de la capacidad de adaptación en los sectores pertinentes relacionados con el desarrollo y los recursos naturales” (147,9 millones de dólares, el 26,4 %), seguida del resultado cinco, “Aumento de la resiliencia de los ecosistemas en respuesta al estrés generado por el cambio climático y la variabilidad del clima” (94,7 millones de dólares, el 17,0 %).

L. Respuesta a la enfermedad por el coronavirus de 2019

38. Desde el estallido de la pandemia de COVID-19 a finales de 2019, múltiples dificultades imprevisibles han perturbado el funcionamiento normal del FA, entre otras cosas la ejecución de proyectos, la elaboración de nuevos programas y las reuniones presenciales de la Junta del FA y sus Comités.

39. Teniendo en cuenta las medidas restrictivas adoptadas por los países para limitar la propagación de la COVID-19, y con el fin de garantizar un apoyo continuado a los países en desarrollo a pesar de los problemas conexos, la Junta ha tomado decisiones extraordinarias para organizar y desarrollar su labor de forma virtual y en los períodos entre reuniones. En este contexto, a continuación se indican las actividades que realizaron la Junta y sus Comités, de manera virtual, entre marzo y junio de 2020:

a) La celebración en formato virtual, el 2 de abril de 2020, de la primera parte de la 35^a reunión de la Junta, en la que se examinaron los asuntos relacionados con la transición de los miembros y miembros suplentes entrantes de la Junta para el siguiente mandato, incluidos los Presidentes y Vicepresidentes de la Junta, el CEF y el CEPP;

b) El examen de propuestas de proyectos y programas durante el ciclo de examen que tuvo lugar en el período transcurrido entre la primera y la segunda parte de la 35^a reunión de la Junta, y la aprobación de seis nuevos proyectos por un importe total de 31 millones de dólares, lo que incluye dos proyectos de acceso directo, la concesión de financiación a dos Partes por primera vez (Túnez y Vietnam) y el primer proyecto regional en Asia Central;

c) La aprobación por la Junta de los presupuestos administrativos de la Junta, su secretaría y el administrador fiduciario para el ejercicio económico de 2021, y del Grupo de Referencia de Evaluación Técnica para los ejercicios económicos de 2021 y 2022, el plan de trabajo de la secretaría de la Junta, y la estrategia y el programa de trabajo del Grupo de Referencia de Evaluación Técnica durante un proceso virtual independiente en el período entre reuniones que concluyó el 4 de junio de 2020;

d) La celebración de una reunión virtual del grupo de trabajo de movilización de recursos de la Junta el 17 de junio de 2020.

40. Siguiendo su procedimiento ordinario de aprobación continua de medidas sobre cuestiones relacionadas con proyectos o programas (como cambios sustanciales o solicitudes de ampliación de plazos), en el período transcurrido entre sus reuniones 34^a y 35^a la Junta aprobó 14 prórrogas de fechas de finalización de proyectos, otorgando de esta forma más

tiempo a los países y las entidades para completar las actividades de los proyectos, y dos solicitudes de cambios sustanciales en los proyectos.

41. Para comprender mejor el impacto de la COVID-19 en su cartera y de seguir apoyando a los países en desarrollo en el contexto de las dificultades de la situación, la secretaría de la Junta realizó una encuesta a todas las ER en junio de 2020. Si bien los resultados aún se estaban analizando en el momento de elaborar este informe, un primer examen de las respuestas indicó que se esperaba que la COVID-19 tuviera un impacto entre moderado y alto en la cartera (según el 78 % de los encuestados) y que se esperaba que surgieran importantes problemas de aplicación en los próximos meses (según el 80 % de los encuestados).

42. La secretaría de la Junta tomó medidas proactivas para ayudar a los países y a las ER a mitigar los efectos de la COVID-19 y a reducir al mínimo las disrupciones conexas, a saber:

a) Publicó en marzo de 2020, en el sitio web del FA, una notificación para alentar a todas las ER a que consideraran las opciones de gestión adaptable incluidas en las políticas y directrices operativas del FA³² con el fin de mitigar de forma proactiva cualquier disrupción en la ejecución de los proyectos;

b) Aconsejó a las Partes y entidades que consideraran la posibilidad de solicitar prórrogas de las fechas de finalización de los proyectos y de notificar los retrasos en la puesta en marcha de estos más allá del plazo estándar de seis meses establecido por la Junta;

c) Ofreció flexibilidad para que las ER realizaran ciertas actividades de proyectos de forma virtual, por ejemplo las reuniones iniciales, las actividades de supervisión y las consultas con interesados, siempre que fuera posible.

43. A pesar de las dificultades relacionadas con la pandemia, la red de ER del FA se ha ampliado con la acreditación de dos nuevas entidades, a saber, una nueva ERN en Côte d'Ivoire (el Fondo Interprofesional para la Investigación y el Asesoramiento Agrícola) y una ERM (la FAO), que la Junta aprobó en abril y junio de 2020, respectivamente, a través del mecanismo de adopción de decisiones entre reuniones, lo que eleva a 51 el número total de ER. La FAO es la primera entidad acreditada a través del proceso de acreditación rápida del FA. Entre marzo y junio de 2020, dos ER obtuvieron la renovación de la acreditación.

44. Los proyectos del FA sobre el terreno han ayudado a las comunidades a fortalecer su resiliencia más allá de la adaptación al clima. Por ejemplo, un proyecto ejecutado por el PNUD en Sri Lanka ayudó a remediar la escasez de equipos médicos de protección personal en los hospitales del país a causa de la COVID-19 mediante la confección de prendas de protección en una fábrica de ropa que se había establecido a través del proyecto; y un proyecto ejecutado por el NABARD en la India dio apoyo a la producción de miles de máscaras de protección por parte de organizaciones dirigidas por mujeres para satisfacer las nuevas necesidades de la comunidad en el contexto de la pandemia.

45. Dado que los riesgos y las repercusiones de la COVID-19 afectan a las comunidades vulnerables al clima y a la ejecución de los proyectos, está aumentando la demanda en los ámbitos del aprendizaje y el intercambio, la innovación y la aplicación a mayor escala de las soluciones que han dado buenos resultados en el aumento de la resiliencia en el marco del FA, lo que refuerza más aún la relevancia de la Estrategia a Medio Plazo.

Annex VI

Financial report of the Adaptation Fund Trust Fund as at 30 June 2020, prepared by the trustee: supplemental report to the Adaptation Fund Board report to the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol and to the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement¹

[English only]

I. Introduction

1. This report is produced by the World Bank as trustee (“Trustee”) for the Adaptation Fund (AF), in accordance with the Trustee’s role in the Adaptation Fund Trust Fund as set forth under paragraph 23 in the Appendix of Decision 1/CMP.4 of the CMP.
2. The decision states that: “The Trustee shall prepare and furnish the Adaptation Fund Board with financial reports of the Trust Fund annually (or at any other such frequency agreed between the Trustee and the Adaptation Fund Board), and provide records and accounts of the Trust Fund for audit by its external auditors annually (or at any other such frequency agreed between the Trustee and the Adaptation Fund Board), in accordance with the policies and procedures of the Trustee. Furthermore, the Trustee shall prepare and furnish the Adaptation Fund Board with reports on the sale of the CERs for the Adaptation Fund and on the status of commitments and transfers of Trust Fund funds annually (or at any other such frequency agreed between the Trustee and the Adaptation Fund Board).”
3. The information contained in this Financial Report is based on financial information as of June 30, 2020.

II. Adaptation Fund Trust Fund Summary as of June 30, 2020

Certified Emission Reduction (CER) Sales and Donations

4. Cumulative resources pledged to AF Trust Fund including CER sales proceeds was USD 997.09 million as of June 30, 2020. Of this, USD 204.74 million was received into the AF Trust Fund through CER sales proceeds and USD 735.25 million in donations, totalling a cumulative receipt of USD 939.99 million as of June 30, 2020. Resources not yet received from Donors is USDeq. 57.10 million, which includes USDeq. 41.63 million in donations receivable under signed agreements and USDeq. 15.47 million in pledges.

5. An amount of USD 0.64 million was received from CER sales during the second quarter of calendar year 2020.

Investment Income

6. As of June 30, 2020, the AF Trust Fund earned investment income of approximately USD 38.33 million on the liquidity balances in the AF Trust Fund. The AF Trust Fund liquid portfolio has returned 2.10% for fiscal year 2020.

Funding Approvals

7. Cumulative net funding decisions made by the AF Board through June 30, 2020 totalled USD 808.13 million, of which USD 744.58 million represents approvals for projects and programs.

¹ Reproduced as received from the AFB secretariat, with certain formatting modifications.

Cash Transfers

8. The Trustee has transferred a total of USD 467.80 million up to June 30, 2020, including USD 413.13 million related to projects and programs.

Funds Held in Trust

9. Funds Held in Trust² reflect proceeds from CER monetization, donations received and investment income, less cash transfers made to date. Funds Held in Trust as of June 30, 2020 amounted to USD 510.52 million, including USD 3 million set aside for operational reserve.

Funds available for AF Board funding decisions

10. Funds available to support AF funding decisions amounted to USD 167.19 million as of June 30, 2020.

² Funds Held in Trust represents balance of cash, investments and unencashed promissory notes (if any) as of the reporting date.

III. AF Trust Fund Summary – Inception through June 30, 2020

In USD millions

	Total	% of Total
CER Sales Proceeds, Pledges and Donations		
CER Sales Proceeds	204.74	20.5%

CER SALES PROCEEDS

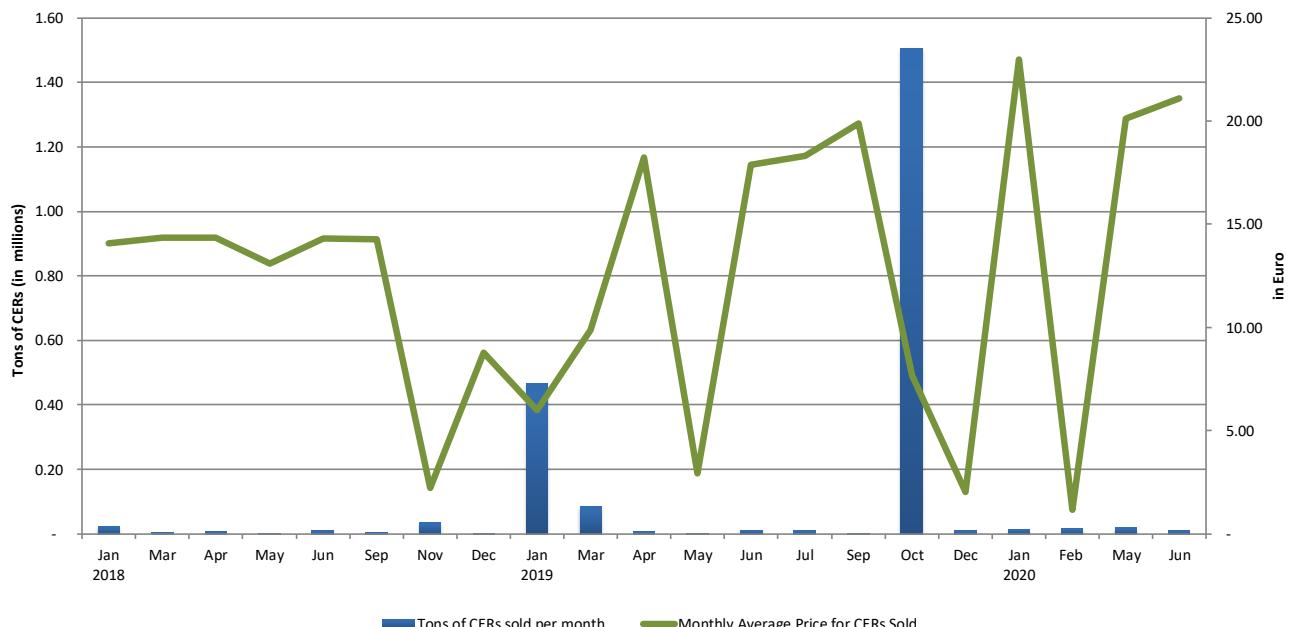

This table shows the proceeds from CER sales received into the AF Trust Fund. See Annex for more details.

The Trustee has generated revenues of USD 204.74 million through CER sales since the start of the CER monetization program in May 2009.

IV. CER SALES AND MONTHLY AVERAGE PRICE

Calendar Year	CER balance a/	CER sales	Proceeds USD (millions)
2009-2018	12,400,187	26,753,350	199.57
2019	Q1 12,000,126	549,451	1.49
	Q2 12,174,665	18,440	0.36
	Q3 12,445,244	11,508	0.24
	Q4 11,127,219	1,515,101	2.07
2020	Q1 11,229,556	29,916	0.38
	Q2 11,539,271	28,833	0.64
Total		28,906,599	204.74

a/ in registries at period-end

11. This chart presents the number of tons of CERs sold per month and the monthly average price obtained by the Trustee for a ton of CER sold between January 2018 and June 2020. During fiscal year 2020, the Trustee sold 1.59 million tons of CERs and generated USD 3.33 million in CER proceeds. The average price achieved during fiscal year 2020 was EUR 1.91 or USD 2.10 per ton.

Total Donations Received

735,247,142

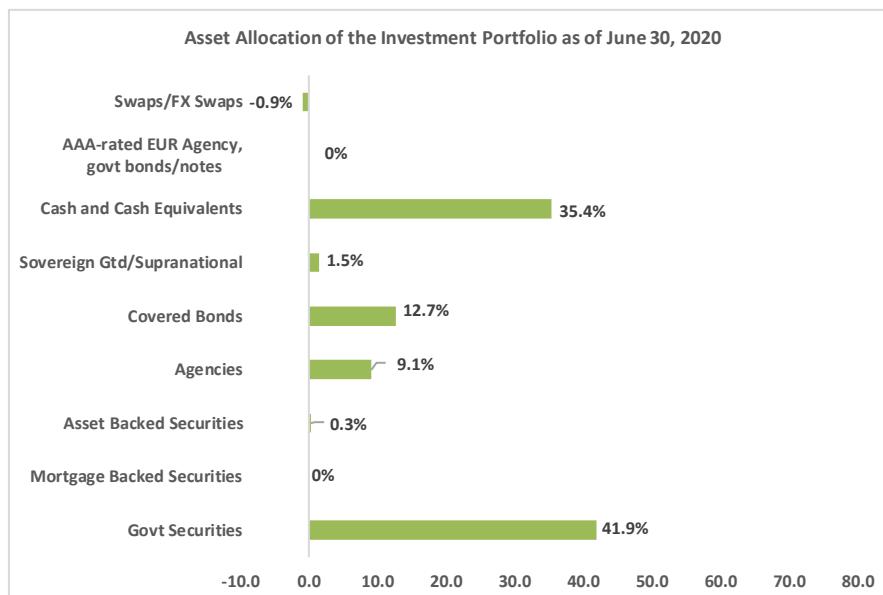

a/ Represents actual USD receipts.

b/ Donation corresponds to the Donor's pro-rata share of the balance in the Administrative Trust Fund

V. Asset Mix and Investment Income

ASSET MIX

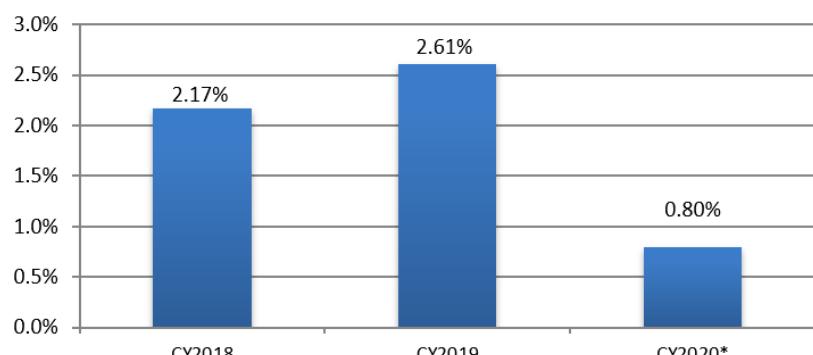

12. The undisbursed cash balance of the Adaptation Fund Trust Fund is maintained in a commingled investment portfolio (“Pool”) for all trust funds managed by IBRD. Funds are managed such that the expected maximum loss, as measured by the CVaR, in the worst 1% of cases will not exceed 0.25% at the portfolio’s investment horizon.
13. The portfolio allocation by asset class has the largest allocations to government securities and money-market instruments.

Note: The negative position in swaps is primarily due to changes in foreign currency exchange (FX) rates in cross currency basis swaps. Such swap instruments are used to implement currency hedges on bond positions within the portfolio. These hedges remain in place.

INVESTMENT RETURNS

The AF Trust Fund liquid portfolio earned approximately USD 38.33 million in investment income since inception. The portfolio returns during fiscal year 2020 was 2.10%.

*non-annualized

Term	Definition
Cash and Investments	The Trust Fund's share in the co-mingled cash and investment pool.
Cash Contribution	Contribution or Installment provided in the form of cash, including promissory note encashments
Cash Transfer	Cash payment made to an Implementing Partner under a Financial Procedures Agreement
Contribution	The funds provided and to be provided by a Contributor to a Trust Fund, as specified in the Contribution Agreement/Arrangement, or in the Instrument of Commitment
Contribution Agreement/ Arrangement	An agreement or arrangement between a World Bank entity, as Trustee, and a Contributor, setting forth specific terms for the receipt and use of a specific Contribution for a specific Trust Fund
Contribution Paid-In	Contribution or Installment provided in the form of cash, Promissory Note or other instruments acceptable to the Trustee
Contribution Receivable	Any portion of a Contribution that is not a Qualified Contribution to be received in the form of Cash or Promissory Note.
Financial Intermediary Fund (FIF)	Financial arrangements that leverage a variety of public and private resources in support of global development initiatives and partnership. These Funds involve financial engineering or complex finance schemes, or where the Bank provides a specified set of administrative, financial or operational services
Financial Procedures Agreement	An agreement or arrangement between a World Bank entity, as Trustee, and Partner Entity for the commitment and transfer of funds by the Trustee to the Partner Entity under terms that do not involve Bank responsibility post-transfer
Funding Availability	Assets available to support funding decisions, as calculated under a specific basis of commitment.
Funds Held in Trust	Cash and Investments plus unencashed Promissory Note balance
Implementing Entity (IE)	Any agency receiving funds from a FIF, which is responsible for managing those funds for project activities as approved by the governing body
Investment Income	Returns (realized and unrealized) on cash and investments, allocated to individual Trust Funds
Pledge	A Contributor's expression of its intention to make a Contribution
Promissory Note (if applicable)	A document consisting of a promise to pay that is non-interest bearing and payable on demand

Annex VII

Operational linkages and relations between the Adaptation Fund and other institutions under the Convention

[English only]

1. The AFB has taken action to promote linkages with other bodies under the Convention, such as the Adaptation Committee, the Climate Technology Centre and Network, the GCF, the GEF, the PCCB and the Standing Committee on Finance.¹
2. On the margins of the Madrid Conference, on 11 December 2019 the third annual dialogue on climate finance delivery channels took place, chaired by the GCF Executive Director and attended by the Chair of the AFB, the Manager of the AFB secretariat, the Head of the Climate Investment Funds, the incoming Co-Chair of the GCF Board, and the Chief Executive Officer and Chairperson of the GEF. They discussed how climate funds can strategically and synergistically support enhanced post-2020 ambition, and how key learnings and priorities for further discussion and resolution can be identified by a technical working group that will run at least through 2020 and report periodically to the heads of the Funds. A road map for 2020 of prioritized actions for enhancing collaboration among the Funds, including a time frame, has been developed and shared.
3. The AFB secretariat organized together with the GCF a side event at the 2nd Capacity-building Hub to launch CPDAE, entitled “Strengthening Access to Climate Finance: Community of Practice for Direct Access Entities”.
4. The Chair of the AFB together with a Co-Chair of the Climate Technology Centre and Network, a Co-Chair of the PCCB and AFB secretariat representatives participated in a side event for raising awareness of available readiness and capacity-building support for adaptation and increasing the accessibility of information on available support, entitled “Enhancing the Delivery of Readiness and Capacity Building Support for Climate Change Adaptation”.
5. The AFB secretariat organized the AF gender side event entitled “Advancing Gender Equality and Women’s Empowerment in Climate Finance” in collaboration with the GCF, the GEF and the UNFCCC secretariat. The Manager of the AFB secretariat also joined as a panellist a side event organized by the GCF Independent Integrity Unit entitled “Scaling-up climate action: Best practices and joint actions to strengthen results and integrity across trust funds”; the other panellists represented the Climate Investment Funds, the GCF Independent Integrity Unit and the GEF.
6. The AFB secretariat participated as an observer in the 23rd, 24th and 25th meetings of the GCF Board, held in Songdo, the Republic of Korea, from 6 to 8 July 2019 and 12 to 14 November 2019, and Geneva, Switzerland, from 10 to 12 March 2020, respectively.
7. In early August 2019, a representative of the GCF secretariat attended the sixth NIE seminar of the AF in Saint John’s, Antigua and Barbuda, and the 2nd meeting of the CPDAE Committee, held in conjunction. The Manager and representatives of the AFB secretariat attended the GCF Global Programming Conference held in Songdo from 19 to 23 August 2019, and held bilateral meetings with the GCF secretariat. The Manager represented the AFB on a panel on “Investing in Institutional Transformation: Direct Access Capabilities for Scaling-Up” and on a panel in the session in which CPDAE was introduced to direct access entities accredited by the GCF.
8. The AFB secretariat also participated in an NDC Partnership consultation meeting from 27 to 28 February 2020 in New York City, the United States of America, where the Manager took part in a panel discussion on approaches to increasing investment in NDCs to realize ambition, together with representatives of the NDC Partnership Hub and the German Agency for International Cooperation.

¹ As per decisions 2/CMP.10, para. 6; and 2/CMP.14, para. 8.

9. At the Madrid Conference, a representative of the AFB secretariat participated as a panellist in the Koronivia joint work on agriculture workshop on improved nutrient use and manure management towards sustainable and resilient agricultural systems, held in conjunction with the fifty-first sessions of the subsidiary bodies with constituted bodies under the Convention.

10. The AFB secretariat is hosted by the GEF secretariat, which promotes exchange of information and knowledge and provision of inter-organizational support, when needed. The AFB secretariat participated as an observer in the 57th and 58th meetings of the GEF Council from 17 to 19 December 2019 and 2 to 3 June 2020, respectively.

11. The AFB continued to consider establishing an operational linkage between the AF and the GCF for channelling resources for adaptation, and identified two options:²

- (a) Seeking accreditation as a financial intermediary with the GCF;
- (b) Entering into a memorandum of understanding or an ad hoc agreement with the GCF.

12. In addition, to further enhance complementarities with the GCF, the AFB secretariat has continued collaboration with the GCF secretariat on the identified specific activities in the areas of, including, but not limited to, readiness support, including by organizing joint activities such as regional workshops or seminars; results-based management; accreditation; and project and programme identification.

13. The GCF operational framework on complementarity and coherence with other climate finance delivery channels³ consists of four pillars: (1) board-level discussions on fund-to-fund arrangements; (2) enhanced complementarity between funds at the activity level; (3) promotion of coherence between funds at the national programming level; and (4) complementarity at the level of delivery of climate finance through an established dialogue between funds.

14. At its 34th meeting, the AFB continued discussion on the potential linkages between the AF and the GCF at two levels: (1) through a dialogue between the Chair and Vice-Chair of the AFB and the Co-Chairs of the GCF Board, both exclusively and in the context of the annual dialogue among a larger group of climate funds; and (2) through ongoing discussions between the secretariats of the AFB and the GCF on specific activities related to complementarity and coherence. The AFB was informed that the GCF secretariat had sought external legal services in relation to potential agreements between the GCF and the AF for the transfer of financial resources from the GCF to the AF. Considering the four options for fund-to-fund arrangements described in GCF Board document GCF/B.22/09 and its annex 1, AFB members raised some issues and concerns, including the need for further analysis of the legal and practical implications of the four options; the need for further clarification on liability issues, since the two Funds have different legal structures; and the consequences of the proposed plans for the rules of procedure and overall operations of the AF.

15. The four potential options for collaboration between the two Funds were prepared for the informal Board-level meeting of the two Funds held on 12 December 2018 on the margins of COP 24: (1) AF providing GCF readiness-type assistance; (2) AF management of a GCF funding envelope; (3) accreditation of the AF with the GCF; and (4) formalization and expansion of current cooperation between the secretariats. At the 22nd meeting of the GCF Board, the GCF Co-Chairs reported to the GCF Board on the engagement with the AF that the Boards' discussion at the informal meeting had centred on two overarching considerations that could have an impact on any potential arrangement options:⁴

² CMP 14 noted the efforts of the AFB to enhance cooperation with other funds so as to ensure coherence and complementarity, and encouraged the AFB to continue its efforts to enhance complementarity and coherence with other funds under and outside the Convention, including to better align processes and leverage financing (see documents FCCC/KP/CMP/2018/4, paras. 45–56, and FCCC/KP/CMP/2018/4/Add.1, para. 18).

³ See <https://www.greenclimate.fund/document/gcf-b17-08>.

⁴ See GCF Board document GCF/B.22/09 and annex 1, available at <https://www.greenclimate.fund/boardroom/meeting/b22>.

(a) The degree to which the AF is prepared to accept liability for programming GCF funding;

(b) If and how the AFB will apply GCF policies to projects and programmes approved using GCF funds.

16. After considering the AFB secretariat's ongoing efforts to enhance complementarity between the GCF and the AF, at its 34th meeting the AFB decided to:

(a) Continue consideration of the above-mentioned four options for fund-to-fund arrangements from the perspective of whether they cover all potentially feasible options for operational linkages between the GCF and the AF;

(b) Take note that an independent legal analysis is being undertaken by the GCF with a view to producing, as its expected outcome, an independent legal opinion for the GCF to determine whether any potential legal arrangements between the GCF and the AF are implementable;

(c) Request the AFB secretariat to report to the AFB at its 35th meeting any available information related to the above-mentioned legal analysis to be received from the GCF secretariat;

(d) Defer its consideration of the four options pending the issuance by the GCF of the above-mentioned legal opinion;

(e) Request the Chair and Vice-Chair of the AFB to continue to actively engage, assisted by the AFB secretariat, in a structured conversation with the GCF Board with a view to exploring and taking steps towards advancing the options for fund-to-fund arrangements described in GCF Board document GCF/B.22/09 and its annex 1;

(f) Request the AFB secretariat to continue discussions with the GCF secretariat to advance the collaborative activities identified at the annual dialogue in November 2017, the technical workshop in February 2018 and the informal meetings between the Chair and Vice-Chair of the AFB and the Co-Chairs of the GCF in May and September 2018 and on the margins of COP 24;

(g) Request the AFB Chair and secretariat to report to the AFB at its 35th meeting on the progress of the activities referred to in paragraph 16(e–f) above.⁵

17. With regard to the issue referred to in paragraph 15(b) above of if and how the AFB will apply GCF policies for projects and programmes approved using GCF funds, GCF Board document GCF/B.22/09 indicates:

“The GCF and AF boards have developed a number of policies related to the development and implementation of funded activities, including fiduciary standards and environment, social and gender safeguards. Both Funds also have processes for assessing organizations that receive funding from them, and requirements for Fund policies and standards to be applied through and passed down to executing entities by such organizations in their management and administration of funds. Ultimately, both Funds are evolving, and each Fund may be in the process of or has a plan to develop or update core policies. It will be important to consider how these policies are imperative for or at least relevant to enabling the existing and future cooperation between the two Funds. Reaching an agreement between the boards as to how instances of policy non-alignment (or lack of relevant policies) will be handled, and where responsibility lies for the application of each policy, will facilitate the envisaged cooperation.”⁶

18. The same document also mentions the legal capacity of the AF to enter into any legal arrangement with the GCF:

⁵ AFB decision B.34/47.

⁶ GCF Board document GCF/B.22/09, annex 1, para. 7.

“An independent legal opinion from a third-party organization could provide clarity to legal capacity, personality and structure of the AF (AFB, AFB Secretariat and AF trust fund).”⁷

19. The AFB secretariat was informed by the GCF secretariat that the GCF had sought the provision of external legal services in relation to potential legal agreements between the GCF and the AF for the transfer of financial resources from the GCF to the AF. The legal questions were as follows:

(a) Do paragraphs 33–34 of the Governing Instrument for the GCF allow other existing funds under the UNFCCC, and other funds, entities and channels of climate change financing outside the GCF to access resources of the GCF?

(b) Are financial transfers of GCF resources only permitted under section V.C–V.D of the Governing Instrument?

(c) Can the GCF enter into legal arrangements with the AF and, if so, what are the potential liability consequences, and related mitigation measures, for a breach by the AF of such legal agreements (e.g. because of non-compliance with a policy requirement of the GCF)?⁸

20. The relevant report is contained in annex III to GCF Board document GCF/B.24/Inf.08. The summary opinion excerpted from that document is as follows:

“Paragraphs 33 and 34 of the Governing Instrument for the GCF

In the opinion of the [GCF] Secretariat:

Paragraphs 33 and 34 of the Governing Instrument do not in themselves provide a route for financial transfer of GCF resources to other funds, entities and channels of climate change financing outside the GCF;

Section V.D (Access modalities and accreditation) of the Governing Instrument sets out the main modalities through which resources can be accessed from the GCF;

Section V.C (Operational modalities: Funding windows and fund structure) of the Governing Instrument also permits access to GCF resources for the purposes of readiness, preparatory support, capacity-building, technology development and transfer, and private sector financing;

Taken together, the above-mentioned provisions of the Governing Instrument allow other existing funds under the UNFCCC and other funds, entities and channels of climate change financing outside the GCF, to access GCF resources under Sections V.D and V.C of the Governing Instrument. In the opinion of the [GCF] Secretariat, alternative modalities could be established under Sections V.D and V.C of the Governing Instrument, specifically for entities referred to in paragraphs 33 and 34 of the Governing Instrument.”

“Legal Arrangements with the Adaptation Fund

In the opinion of the [GCF] Secretariat:

(a) The World Bank, in its capacity as trustee of the AF, (and not the AF, or AF Board) is the legal owner of the funds contributed to the AF;

(b) The AF Board, as the entity within the AF governance structure with legal capacity to enter into contracts, would be the natural contract counterparty for any contractual arrangement with GCF;

(c) The AF Board is also the entity which concludes legal arrangements for the implementation of its own projects;

⁷ GCF Board document GCF/B.22/09, annex 1, para. 10.

⁸ GCF Board document GCF/B.24/Inf.08, annex III, para. 10.

(d) In the event of a breach by the AF of legal arrangements concluded between the GCF and the AF Board, the legal liability of the AF Board can be addressed in the relevant legal arrangements; and

(e) The GCF would need to ensure that it had appropriate dispute resolution procedures in its contractual arrangements in order to obtain suitable enforcement against the AF, if necessary.

In light of paragraph 13(a) above, appropriate legal arrangements will need to be entered into ex ante with the World Bank, in its capacity as trustee of the AF, in the event that GCF wishes to ensure that, from a legal perspective, the liability of the AF board (for breach of contract, or other applicable claim) is enforceable against the funds contributed to the AF and held by the World Bank as follows:

(a) While various theoretical legal instruments could be deployed to implement the foregoing matter, the practicality of such instruments will be subject to discussions with both the AF board and the World Bank;

(b) The members of the AF board benefit from personal immunity in Germany in respect of acts performed in their official capacity as members of the AF board; and

(c) The AF board will be responsible for the acts of its committees, secretariat, accreditation panel, members and employees, if such acts were undertaken in performance of relevant AF functions and within the official capacity of the relevant body or individual.”

“Next steps

In line with the updated work plan adopted by the Board adopted at its twenty-third meeting (B.23), the mandate pursuant to paragraphs 33 and 34 of the Governing Instrument and subsequent decisions, including decision B.20/05, is to be considered by the Board within the context of the update of the 2020–2023 Strategic Plan for the GCF. In this context, the Board may wish to provide further strategic direction on the pursuit of fund-to-fund arrangements, in particular with the Adaptation Fund, considering the opinion provided in paragraphs 12–15 on legal arrangements. The Board could do this in parallel with also providing further strategic direction on the pursuit of complementarity in programming. As noted in the 2018 Annual Update on Complementarity and Coherence and inputs shared at B.22, areas of overlap between the GCF and AF could be considered for more targeted synergies (e.g. areas such as micro-scale adaptation projects) while ensuring that no additional layers are created (e.g. entities having to access GCF resources through AF and having to comply with different policies).”

21. As part of the complementarity and coherence of the GCF and the AF, both Fund’s secretariats have been engaged in a continuous discussion to promote scaling up of projects. A framework document is currently being drafted for consideration by the AFB that sets out a structured approach to collaboration between the GCF and the AF on project and programme scale-up in the context of a broader set of efforts to ensure complementarity and coherence between the two Funds. The two secretariats are also jointly providing support to CPDAE, which consists of accredited NIEs of the AF and accredited direct access entities of the GCF. CPDAE provides an avenue for knowledge exchange, learning and experience sharing, collaboration and peer support within the community of NIEs and direct access entities to increase the effectiveness of entities in accessing resources and implementing adaptation and mitigation projects and programmes through direct access.

22. The AF became a member of the PCCB Network on 14 April 2020, the objective of which is to foster synergies and enhance coherence and coordination of capacity-building efforts for climate action. The AFB secretariat participated in the inaugural meeting of the PCCB Network, held virtually on 26 June 2020.

23. The AFB secretariat also participated in the 4th meeting of the PCCB, held from 22 to 25 June 2020.

A. Financing for regional projects

24. Regional projects and programmes started as a pilot programme in April 2015 upon approval by the AFB with the goal of piloting different regional approaches to implementing specific climate change adaptation projects in vulnerable developing countries and gathering lessons learned. At its 28th meeting, in October 2016, the AFB decided to continue financing regional proposals beyond the pilot programme and to approve the maximum total funding for regional projects and programmes annually.⁹

25. Interest in regional projects and programmes has remained high, with proposals totalling USD 154.6 million submitted during the reporting period. The total amount approved during the reporting period was USD 60.0 million, which exhausted the funding provisionally set aside by the AFB for regional activities at its 33rd meeting.¹⁰

B. Readiness Programme for Climate Finance

26. Over the reporting period, the following activities took place:

(a) The annual Climate Finance Readiness Seminar for accredited NIEs for 2019, held in St. John's, Antigua and Barbuda, from 5 to 9 August 2019 and co-hosted by the accredited NIE for Antigua and Barbuda, the Department of Environment. The Seminar included gender training drawing on the AF gender policy, participation by the AF-TERG, and a full day to discuss innovation in adaptation and accessing AF innovation grants, a new funding window under the MTS;

(b) The ninth and tenth climate finance webinars for accredited NIEs, at which the topics “Evidence-based interventions – Assessing vulnerability and feasibility for sustained local-level resilience: experiences and lessons learned from Adaptation Fund” (on 24 October 2019) and “Managing project extensions through adaptive management during project implementation” (from 22 to 23 April 2019) were discussed;

(c) The approval of two South–South cooperation grants to support developing countries in identifying suitable national institutions as NIE candidates and in preparing and submitting an application for accreditation in Botswana and Mozambique, both implemented by the NIE for Kenya;¹¹

(d) The approval of three technical assistance grants to support the NIEs for Uganda, the United Republic of Tanzania and Zimbabwe in strengthening their ability to address and manage environmental and social risks as well as gender considerations in adaptation projects and programmes and at the institutional level;¹²

(e) The approval of the first project scale-up grant under the MTS implemented by the accredited NIE of Rwanda to develop a scale-up proposal for its project entitled “Reducing Vulnerability to Climate Change in North West Rwanda through Community Based Adaptation”;

(f) A meeting of the CPDAE Committee in St. John's from 2 to 3 August 2019 on the margins of the 2019 Climate Finance Readiness Seminar for accredited NIEs. The Committee advanced work on its action plan and governance charter, and developed procedures for inviting members to join CPDAE and changes of Committee membership, and its communication and operational procedures;

(g) A regional accreditation training workshop for developing countries from 2 to 3 September 2019 in Bangkok, Thailand, held as part of Asia-Pacific Climate Week, which took place from 2 to 6 September 2019, and linked to an event held by the NDC Partnership on 6 September 2019 entitled “Expanding access to global climate funds in the Asia Pacific”.

⁹ AFB decision B.28/1.

¹⁰ AFB decision B.33/12.

¹¹ AFB decisions B.34–35/8 and B.34–35/9.

¹² AFB decisions B.34–35/7, B.34–35/6 and B.34–35/5.

The AF, the NDC Partnership and the GCF collaborated to host both the AF and NDC Partnership events.

C. Evaluation of the Adaptation Fund

27. Under the guidance of the recruitment working group of the AF-TERG, the AF-TERG secretariat completed the selection process for the four AF-TERG members, and Nancy MacPherson, Mutizwa Mukute, Andy Rowe and Claudio Volonte were appointed on 1 July 2019. The AF-TERG secretariat hired financial administrative support at the same time, and in August 2019 a data analyst was hired to complete the team.

1. Foundational work

28. During its first year of operation the AF-TERG carried out activities to set the basis for its multi-year work programme.

29. The AF-TERG, supported by its secretariat, had its first in-person meeting in St. John's from 4 to 10 August 2019 on the margins of the annual Climate Finance Readiness Seminar for accredited NIEs. The AF-TERG set-up, mandate, communication channels and expectations were discussed. Preliminary work took place on the AF-TERG work programme, with a focus on evaluative components and products. AF-TERG members also engaged with NIE representatives, answering their evaluation questions in a session at the Seminar.

30. The Chair, three members and secretariat coordinator of the AF-TERG had a second short in-person meeting on 3 October 2019 to further discuss work programme development during their engagement at the Evaluation for Transformative Change Conference in Prague, Czechia.

31. The AF-TERG hired four consultants in October 2019 to execute three studies that would inform the work programme:

(a) An evalubility assessment of the AF projects and portfolio to explore the extent to which projects have in place structures, processes and resources capable of supporting robust monitoring, evaluation and learning;

(b) An ex post evaluation study to map the landscape of approaches currently being used and develop a Fund-specific approach to conducting ex post evaluations, five years after closure, with a focus on process, impact, sustainability and learning of funded projects and programmes;

(c) A study aimed at identifying and assessing innovative monitoring, evaluation and learning practices in the climate adaptation space, and providing advice on how innovative monitoring, evaluation and learning approaches, processes and technological developments could inform innovative thinking and monitoring, evaluation and learning practices in relation to the AF.

32. The results of the three studies, contained in working documents, have informed the development of the AF-TERG strategy and work programme.

33. From November 2019 to February 2020, the AF-TERG Chair and members held a series of consultations with the AFB secretariat Manager and staff to deepen understanding of the AF strategies, policies and position in the global climate finance architecture. It was also discussed how the AF-TERG will relate to the AFB secretariat through its three functions of evaluation, advice and oversight. Meanwhile, consultations took place with AFB members and observers through online on-demand interviews and follow-up online interviews between the AF-TERG and members and interviewees.

34. In collaboration with the AFB secretariat, the AF-TERG secretariat developed a dedicated section for the AF-TERG on the AF website that was launched on 27 November 2019. The AF-TERG secretariat also started using social media for communication, including Issuu, Instagram, LinkedIn, Twitter and YouTube. With the support of a graphical editor, the AF-TERG developed a logo and branding guidance. The new AF-TERG branding was

introduced to the EFC as part of the presentation on the administrative budget for the AF-TERG for the fiscal years 2021–2022.

35. In response to a request from the AFB secretariat, the AF-TERG Chair and members provided input on the draft updated AF gender policy with a focus on the evaluability of the policy and gender action plan, and on the draft updated AF gender action plan.

36. The AF-TERG secretariat coordinator and staff participated, as observers, in the 33rd meeting of the Accreditation Panel on 6 and 7 February 2020.

37. The AF-TERG prepared an internal document that contains the theory of change of the AF-TERG and is a working interpretation of what the evaluation function is about. In the spirit of guiding its work for the benefit of the AF, the AF-TERG also developed a set of 10 principles that will guide its work, including the work that it commissions. These internal documents informed the development of the AF-TERG strategy and work programme and will be reviewed periodically for relevance, effectiveness and clarity.

38. The AF-TERG prepared a gap analysis of the current evaluation framework and terms of reference for reviewing it to inform future revision of the framework.

2. Strategy and work programme of the Technical Evaluation Reference Group of the Adaptation Fund

39. A proposed AF-TERG strategy and multi-year work programme¹³ with corresponding proposed budget were presented to the EFC virtually on 4 May 2020 and subsequently, as recommended by the EFC, approved by the AFB.¹⁴

40. The approved multi-year work programme responds to the broad mandate and three functions of the AF-TERG: evaluation, advisory and oversight. The work elements laid out in the work programme will be managed and implemented in three workstreams that broadly correspond to the three functions of the AF-TERG. The advisory and oversight functions will span the three workstreams, while the evaluation function is embedded in workstream 1:

- (a) Workstream 1: conducting strategy and programme evaluations;
- (b) Workstream 2: enhancing monitoring, evaluation and learning capacity and tools;
- (c) Workstream 3: cogenerating evaluative knowledge and insights.

41. The first element of work after approval of the AF-TERG strategy and work programme was the development of terms of reference for the review and revision of the AF evaluation framework. The objectives are to identify and propose necessary revisions to the evaluation framework and produce a draft AF evaluation framework to be presented to the EFC for its consideration with a view to its subsequent approval by the AFB.

3. Budget of the Technical Evaluation Reference Group of the Adaptation Fund

42. The AFB approved the proposed two-year budget to cover the costs of the operations of the AF-TERG and its secretariat for the fiscal years 2021–2022:¹⁵ USD 1,063,219 for 1 July 2020 to 30 June 2021, comprising USD 605,028 for general operations and USD 458,191 for evaluations, and USD 1,187,071 for 1 July 2021 to 30 June 2022, comprising USD 625,554 for general operations and USD 561,517 for evaluations.¹⁶

D. Communications

43. During the reporting period, the AFB supported by its secretariat continued to raise the profile of the AF and its work by developing and disseminating frequent, relevant and timely content, including news releases, project stories, videos, social media posts, e-newsletters and innovative multimedia communication products. This included producing

¹³ AFB document AFB/EFC.26.a-26.b/3.

¹⁴ AFB decision B.35.a-35.b/29.

¹⁵ AFB document AFB/EFC.26.a-26.b/1.

¹⁶ AFB decision B.35.a-35.b/27.

and disseminating 23 original press releases on AF work; four project stories in multiple languages; 10 videos; five Flickr photo albums; and five enterprise stories on AF-related themes and diverse projects through a pilot project with Climate Home News to help extend the reach of the AF to key target audiences. Several brochures, posters, branded materials and talking points were also produced – they supported key themes and messages at events such as the Madrid Conference and webinars. Messaging around themes such as the value of the pioneering scalable work of the AF, the MTS, and the response to the COVID-19 crisis and the value of the AF in building broader resilience was developed and included in communication products and stories.

44. The AF digital channels continued to thrive during the reporting period. The number of website users and page views held strong, reaching 630,839 views. In terms of social media, the AF reached nearly 15,000 followers on Twitter, an increase of over 2,000 followers over the last reporting period and had over 715,000 impressions – an increase of nearly 150,000 over the previous reporting period. Facebook followers reached 11,633 and the AF continues to disseminate its messages and stories through Facebook and LinkedIn. Many stories, videos and posts from implementing partners on AF-funded projects throughout the world were shared.

45. The AF was featured in nearly 400 press stories around the world, including 78 in Spanish (51 per cent more than in the previous reporting period) and 60 in French (also an increase). The AF had a strong communications presence at the Madrid Conference: a multimedia exhibit was organized featuring photos of innovation and youth engagement in projects and videos of AF projects and its pioneering direct access work, as well as digital postcards and other branded materials. A section on the Madrid Conference was created on the AF website to highlight its activities and to share brochures and stories focusing on new tools such as e-learning and innovation grants, which garnered a 36 per cent increase in web users over the same conference period as in the previous year. The AFB organized a well-attended media event on these themes, and several video interviews with international organizations to further promote AF work during the Madrid Conference.

46. Numerous other side events and meetings were held in relation to the AF at the Madrid Conference, supported by flyers, photography and social media, in multiple languages. These included events on emerging tools and grants, a side event in French with the Institute of the French-speaking world for Sustainable Development, and an event in Spanish with NIEs from Spanish-speaking countries. Multiple press releases were produced during the conference, highlighting AF work on knowledge, gender and innovation and new pledges received by it, among other topics.

47. The AF continued to innovate in communications, piloting and producing a new 360-degree video of a project visit in Antigua and Barbuda, organizing training on enhancing presentations for AF staff (including developing new PowerPoint templates and supporting materials) and developing a new podcast on relevant themes.

E. Knowledge management

48. The Paris Agreement places unprecedented emphasis on adaptation learning and sharing, especially by and with developing country Parties.¹⁷ Aligned with this emphasis, the MTS includes learning and sharing as one of its three pillars. During the reporting period, a number of relevant activities were implemented, *inter alia*:

(a) Completing the English and French versions of the virtual learning course aimed at IEs seeking accreditation or reaccreditation with the AF and accredited entities preparing to submit project proposals for funding. The course is highly interactive, featuring various learning methods, case studies and quizzes and users are awarded a certificate of completion. The English version of the course was successfully launched at a side event at the Madrid Conference. The French version was made available in June 2020, announced

¹⁷ For example, Article 7, paras. 7 and 9, of the Paris Agreement.

through a press release. At the time of the preparation of this report, the Spanish version of the course was in the final stages of release;

(b) A case study on gender in AF projects and programmes, which offers an overview of gender in AF-funded projects, including case studies drawn from the portfolio, so as to advance understanding among IEs as well as generate and share knowledge on good practices and methodologies in promoting gender equality and women's empowerment in projects that will enhance project impact.

F. Gender equality and empowerment of women and girls

49. Since the adoption of its gender policy and action plan in 2016, efforts have continued under the AF to proactively address gender equality and women's empowerment through purposeful planning and targeted interventions in adaptation action. Advancing gender equality and empowerment of women and girls is one of the cross-cutting themes of the MTS, which reaffirms gender as an integral part of the AF work and programme.

50. After around three years of implementation of the AF gender policy and gender action plan, the process of updating them started in May 2019. An overall review of the implementation of the gender policy and gender action plan was conducted from May to September 2019 to assess, inter alia, how the gender policy and gender action plan have so far been implemented compared with relevant international best practices; what the main challenges, gaps and good or best practices have been; and how efforts and work to improve gender equality and women's empowerment can be enhanced. The AFB secretariat conducted a survey of AF IEs, AFB members and alternates, the AFB secretariat, and the Adaptation Fund NGO Network and associate civil society organizations. The outcome document of the review of the progress of implementation of the gender policy and gender action plan was published as an information document at the time of the 34th meeting of the AFB.¹⁸ The AFB is supposed to consider the updated gender policy and gender action plan between its 35th and 36th meetings.

51. In terms of gender balance in the composition of the AFB, 15 seats out of 31 (one seat is vacant) are held by females.

52. As part of its Readiness Programme, the AF has continued to provide technical assistance grants for its NIEs to help them strengthen their capacity to integrate gender considerations into the projects supported by the AF. In addition, through readiness workshops, the AF has helped raise awareness on gender and to enable exchange of experience and knowledge related to gender mainstreaming among its IEs and stakeholders. During the reporting period, the AFB secretariat held a gender training session for AF NIEs during the sixth annual Climate Finance Readiness Seminar for accredited NIEs. The training focused on integrating gender considerations throughout the project cycle and enhancing understanding of the latest project performance report template, the update of which includes strengthened tracking of the implementation of and reporting on gender and environmental and social safeguards.

53. To further enhance systematic reporting on gender considerations, a gender scorecard is being developed to be used by the AFB secretariat at the portfolio level to track, aggregate and report on efforts to integrate gender at the project proposal development stage and gender outcomes at project completion. In addition, the AF project performance report template – a core part of its results-based management at the project and programme level – was updated in February 2019. The template is expected to help IEs track progress and report on gender more systematically on an annual basis. While the updated template maintains reporting on gender-disaggregated information from the previous template, it will help to strengthen the quality of reporting on gender at the start, during implementation and at completion of the project. It also includes a new section on lessons learned, which enables qualitative reporting beyond gender-disaggregated data to detail the experience of implementing gender-

¹⁸ AFB document AFB/B.34/Inf.9.

responsive measures. All the annual project performance reports submitted by IEs are available on the AF website.

54. As stated in the annual performance report of the AF for the fiscal year 2019,¹⁹ which contains a gender-dedicated section, strengthening capacity-building is one important aspect in the current portfolio of AF-approved projects and programmes, and females account for 50.5 per cent of the project beneficiaries, which received training on climate change resilience and other subjects that can strengthen their livelihood diversification.

55. During the reporting period, as part of capacity-building efforts under the AF, a self-paced e-learning course consisting of two modules – one on accreditation and the other on addressing environmental and social and gender considerations in project and programme design and implementation – was developed. The course is expected to help enhance understanding of how to integrate gender considerations into AF projects and programmes among AF designated authorities, IEs, IE candidates and other stakeholders.

56. As a knowledge product, the case study referred to in paragraph 48(b) above on gender in selected AF projects and programmes was conducted to capture lessons learned and identify challenges and opportunities relevant to improving gender mainstreaming efforts in AF projects and programmes.

57. As part of collaboration and communication efforts on gender, the AFB secretariat continued collaboration with other institutions, including the Climate Investment Funds, the GCF, the GEF and the UNFCCC secretariat, with a view to collaborating on gender and exchanging knowledge and lessons learned from implementing gender policy in collaboration with other funds. The AFB secretariat made a submission to the Adaptation Committee on 15 July 2019 in response to its call for submissions on how to mainstream gender considerations in national adaptation planning and implementation. The submission contained information on experience under the AF, such as work and efforts in incorporating gender considerations into its operations, including the MTS, accreditation, Readiness Programme and project development, knowledge management and communications; and challenges reported by IEs in incorporating gender considerations into adaptation projects financed by the AF. On the margins of the Madrid Conference, the AFB secretariat organized a gender side event on advancing gender equality and women's empowerment in climate finance in collaboration with the GEF, the GCF and the UNFCCC secretariat.

G. Participation in meetings and events

58. The AFB and its secretariat participated in a number of events to showcase experience under the AF, which included field visits to project sites in Cook Islands and Samoa. In addition to AFB meetings, Accreditation Panel meetings and readiness-related events (as described in para. 26 above) organized by the AFB and its secretariat, the AFB, its secretariat and/or the AF-TERG participated in:

- (a) London Climate Week (1–4 July 2019, London, United Kingdom of Great Britain and Northern Ireland);
- (b) The GCF Global Programming Conference (19–23 August 2019, Songdo);
- (c) MERL Tech DC 2019 (5–6 September 2019, Washington, D.C., United States);
- (d) The United Nations Secretary-General's Climate Action Summit (22–24 September 2019, New York City);
- (e) Building a Resilient Future Day, hosted by the Global Resilience Partnership (22 September 2019, New York City);
- (f) The Evaluation for Transformative Change Conference (30 September to 4 October 2019, Prague);

¹⁹ AFB document AFB/EFC.25/Rev.1.

- (g) The International Symposium and High-level Event on Action for Climate Empowerment (14–15 October 2019, Pamhagen, Austria);
- (h) The United Nations Climate Change Conference in Madrid (2–13 December 2019);
- (i) The tenth session of the World Urban Forum (9–13 February 2020, Abu Dhabi, United Arab Emirates);
- (j) Alliance for Hydromet Development and Systematic Observations Financing Facility workshops (25–26 February 2020, Offenbach, Germany);
- (k) The NDC Partnership consultation meeting: a panel discussion on accelerating technical assistance and capacity development for investment readiness (27–28 February 2020, New York City);
- (l) The 17th meeting of the Adaptation Committee (24–27 March 2020, virtual);
- (m) The Adaptation Futures 2020 pre-conference webinar series, co-hosted by The Energy and Resources Institute and the World Adaptation Science Programme, session on adaptation with a human face (28–30 April 2020, virtual);
- (n) The Global Dialogue on Responding to the COVID-19 Pandemic and Economic Crisis: Building Back Better Aligned to the Sustainable Development Goals and the Paris Agreement, session entitled “Toward Recovery and Long-term Resilience”, co-hosted by the Federal Ministry for the Environment, Nature Conservation and Nuclear Safety of Germany and the World Resources Institute (4 May 2020, virtual);
- (o) Lessons from Adaptation Leaders: A Grassroots-Donor Dialogue on Locally Led Action, co-hosted by the AF in collaboration with the World Resources Institute, Climate Wise Women and the Global Resilience Partnership (21 May 2020, virtual);
- (p) A webinar on building resilience in the agriculture sector in Africa in the light of the COVID-19 pandemic: experience from the AF project implemented by OSS in Uganda, co-hosted by the AF in collaboration with OSS (28 May 2020, virtual);
- (q) June Momentum for Climate Change, including a panel discussion on 4 June 2020 on effective delivery of needs-based climate finance (1–10 June 2020, virtual);
- (r) A webinar on Panama on the road to climate change adaptation, hosted by Natura Foundation Panama (18 June 2020, virtual);
- (s) A webinar on stepping up knowledge exchange between climate adaptation knowledge platforms, hosted by the University of Oxford and the Stockholm Environment Institute (30 June 2020, virtual);
- (t) The 23rd, 24th and 25th GCF Board meetings;
- (u) The 57th and 58th meetings of the GEF Council.

H. Dialogue with civil society organizations

59. Regular dialogue between the AFB and civil society organizations has continued to take place as part of the standing agenda for the AFB meetings since its 12th meeting, providing an opportunity for the AFB to listen to their proposals, receive feedback on issues on the agenda and exchange views. The MTS affirms that civil society contributes to the AF in a variety of ways, including in terms of resource mobilization, providing real-time updates on and assessments of supported projects, input from intended beneficiaries, and knowledge management. It states that, although current practices are reasonably effective in terms of transparency and even accountability to civil society organizations, there is still scope for improvement, and the AFB aims to work with the AF NGO Network to explore modalities for even greater collaboration in 2018–2022.

60. Following an invitation from the AF NGO Network, the AFB secretariat attended the Network’s strategy workshop held after the Madrid Conference. This provided an opportunity for the Network to suggest to the AFB secretariat possible ways to make the

Network's engagement more active in AFB meetings and AF work. Some of the suggestions were also communicated to the AFB during an informal meeting with the Network on 9 October 2019 and the regular dialogue session as part of the 34th AFB meeting on 10 October 2019, and the AFB duly considered the suggestions.

61. At its 34th meeting, the AFB reviewed the recommendations on its engagement with civil society put forward by the Network. The AFB decided to continue the discussion thereon and to conduct a survey among its members and alternates.²⁰

²⁰ AFB decision B.34/51.

Annex VIII

Support provided to the Adaptation Fund Board for implementing its mandate

[English only]

1. CMP 5 encouraged Annex I Parties and international organizations to provide funding to the AF, additional to the shares of proceeds from clean development mechanism project activities.¹ CMP 7 continued to encourage the provision of funding by Annex I Parties and international organizations.²

2. The AFB approved a fundraising strategy at its 22nd meeting, a revised resource mobilization strategy at its 28th meeting and a resource mobilization action plan at its 29th meeting. It held a dialogue session with donors on the margins of the Madrid Conference. As in the previous year, the dialogue was open to observers and it attracted a large audience. In 2020, as COP 26 has been postponed to November 2021 owing to the COVID-19 pandemic, a dialogue event is being considered to be held in conjunction with another international event or as a stand-alone session.

3. Having successfully met and surpassed its initial fundraising target of USD 100 million for 16 March 2012 to 31 December 2013 through contributions from Annex I Parties and regional governments, the AFB set a second resource mobilization target of USD 80 million per year for the biennium 1 January 2014 to 31 December 2015, and a third target of USD 80 million per year for the biennium 1 January 2016 to 31 December 2017.

4. At its 31st meeting, considering a report on the outcome of a meeting of the resource mobilization task force and its recommendations, the Board set a new resource mobilization target of USD 90 million per year for the biennium 1 January 2018 to 31 December 2019.³ The task force had discussed the possibility of mobilizing additional funding on the basis of special themes or topics, such as the innovation pillar of the MTS. It had reviewed ongoing resource mobilization activities and outreach strategies targeting new contributors.

5. During the reporting period, in 2019 the AF received the equivalent of USD 74.4 million in single-year pledges of new contributions, and its first multiannual financial pledge, made by the Government of Sweden, of 520 million Swedish kronor, equivalent to USD 54.2 million, of which the first annual contribution is USD 13.5 million. The single-year pledges and contributions and the first annual contribution of the contribution of the Government of Sweden made in 2019 amount to around USD 90 million,⁴ which corresponds to the target of USD 90.0 million for 2019, although this is substantially below the pledges received in 2018 of USD 129.0 million. The single-year pledges made in 2019 came from the Brussels-Capital Region of Belgium (EUR 0.4 million, equivalent to USD 0.5 million), Germany (EUR 30.0 million, equivalent to USD 33.6 million), Ireland (EUR 0.3 million, equivalent to USD 0.3 million), Norway (140 million Norwegian kroner, equivalent to USD 15.6 million), Poland (USD 1.0 million), Spain (EUR 2.0 million, equivalent to USD 2.2 million), Switzerland (15.0 million Swiss francs, equivalent to USD 15.3 million) and the Walloon Region of Belgium (EUR 3.8 million, equivalent to USD 4.2 million).⁵ In addition, the provincial Government of Quebec had made a contribution (3 million Canadian dollars, equivalent to USD 2.2 million) earlier during 2019. The AFB would like to express its

¹ Decision 4/CMP.5, para. 9.

² Decision 6/CMP.7, para. 5.

³ AFB decision B.31/31.

⁴ This includes USD 79.5 million in received contributions on pledges made in 2019, and equivalent to USD 10.6 million (based on the United Nations operational rate as at 30 June 2020) in outstanding pledges.

⁵ As at 30 June 2019, most of the pledged funds had been transferred to the AF Trust Fund, with the exception of that from the Walloon Region of Belgium, and second instalments (out of two) from Norway and Spain. Also, a pledge made in 2018 by the European Commission in the amount of EUR 10 million was outstanding.

gratitude to all these Governments for their role in helping the AF to meet its 2019 resource mobilization target. The AFB also recognizes the support provided for its resource mobilization efforts by the Chilean Presidency of COP 25, the UNFCCC and the AFB secretariat and the trustee. A full list of the contributors to the AF and amounts is contained in annex VI under “CER sales proceeds”.

6. The resource mobilization efforts of the AFB were implemented with the support of the resource mobilization task force, composed of Sylviane Bilgischer (Belgium, Annex I Parties), Lucas di Pietro Paolo (Argentina, Latin American and Caribbean States), David Kaluba (Zambia, African States), Marc-Antoine Martin (France, Annex I Parties), Albara E. Tawfiq (Saudi Arabia, Asia-Pacific States) and Aram Ter-Zakaryan (Armenia, Eastern European States). Following the end of the 2018–2019 resource mobilization period, the task force was supposed to consider a new period and target for 2020 and beyond at the meeting of the AFB that was scheduled for March–April 2020. As that meeting could not take place as planned, the task force held a virtual meeting in June 2020. As a result, the task force requested the AFB secretariat to continue communication with prospective contributor governments in order to support its recommendation to the AFB to have an informed target and timeline.

7. In 2012, an opportunity was introduced for the private sector and individuals to make donations to the AF through an online channel established in collaboration with the United Nations Foundation. During the reporting period, the AF periodically promoted the possibility of donating via social media channels alongside the AF resource mobilization goals and results.

8. The dedicated team of officials at the AFB secretariat⁶ is comprised of 11 professional staff members, namely the manager, two senior climate change specialists, two operations officers (accreditation; readiness coordinator), a communications officer, a knowledge management officer, a governance specialist (legal and accreditation), a programme analyst, a financial analyst and a junior professional officer (climate change analyst), the latter funded by the Government of Germany. It also has a senior programme assistant, an extended-term consultant (project and results-based management) and three office-based short-term consultants (communications, accreditation and readiness, operations support). During the reporting period, an evaluation officer coordinated a small dedicated secretariat to support the new evaluation function operated by the AF-TERG, with two office-based short-term consultants.

⁶ As per decision 1/CMP.3, para. 18.

Annex IX

Adaptation Fund and the Paris Agreement

[English only]

1. The AF started serving the Paris Agreement under the guidance of and accountable to the CMA with respect to all matters relating to the Paris Agreement from 1 January 2019 and will exclusively serve the Paris Agreement once the share of proceeds under Article 6, paragraph 4, of the Paris Agreement becomes available.¹ Regarding the source of finance, CMP 14 and CMA 1 decided that the AF would continue to receive the share of proceeds, if available, from activities under Articles 6, 12 and 17 of the Kyoto Protocol, and that it would be financed from the share of proceeds from the mechanism established by Article 6, paragraph 4, of the Paris Agreement and from a variety of voluntary public and private sources.² With regard to AFB membership, CMP 14 requested SBI 50 to consider the eligibility for membership on the AFB and forward a recommendation to CMP 15.³

2. At its 34th meeting, on 10 and 11 October 2019, the AFB discussed matters related to the mandate contained in paragraph 6 of decision 1/CMP.14, considering the documents⁴ prepared by the AFB secretariat, in consultation with relevant stakeholders, including the World Bank as the interim trustee, the GEF as the interim secretariat, and the UNFCCC secretariat, under the guidance of the task force established at the 33rd meeting. The documents were prepared to help the AFB to complete necessary work and to report to CMP 15 on the tasks mandated by decision 1/CMP.14 and were not intended to influence or prejudge any future decisions by Parties on relevant matters. The matters considered by the AFB consist of the arrangements of the AF with respect to the Paris Agreement; the rules of procedure of the AFB; any other matter so as to ensure the AF serves the Paris Agreement smoothly; and implications of the AF receiving the share of proceeds from activities under Articles 6, 12 and 17 of the Kyoto Protocol when the AF serves the Paris Agreement.

3. Regarding the arrangements of the AF with respect to the Paris Agreement, the AFB considered the legal arrangements for the trustee services and the secretariat services to the AFB: the amendment of the terms and conditions of services to be provided by the World Bank as trustee for the AF (the terms and conditions); and the amendment of the memorandum of understanding between the CMP and the GEF Council regarding secretariat services to the AFB. The AFB recalled the legal advice from the UNFCCC secretariat sought at its additional meeting that the CMA would not need to be a signing party to the memorandum of understanding and the terms and conditions during the transitional period when the AF serves both the Kyoto Protocol and the Paris Agreement. The AFB decided to submit its recommendation to CMP 15 to adopt them for a timely extension of the arrangement for the trustee services and the secretariat services to the AFB beyond May 2020.⁵

4. The draft amendment of the terms and conditions for the trustee services⁶ was prepared by the World Bank as interim trustee, in consultation with the AFB secretariat and the UNFCCC secretariat under the guidance of the AFB task force. The amendment is mainly related to the extension of the trustee services and removal of the automatic termination clause (Article 34). Other amendments are related to correcting the number of amendments to the terms and conditions and including the relevant CMP decisions by which the amendments in section 1, subparagraph (g), were adopted. The amended and restated terms

¹ As per decisions 13/CMA.1, paras. 1 and 3; and 1/CMP.14, paras. 1–2.

² Decisions 13/CMA.1, paras. 2 and 5; and 1/CMP.14, para. 3.

³ Decision 1/CMP.14, para. 5.

⁴ AFB documents AFB/B.34/9, AFB/B.34/9/Add.1/Rev.1, AFB/B.34/Add.3, AFB/B.34/Add.4, AFB/B.34/9/Add.5, AFB/B.34/9/Add.6, AFB/B.34/Inf.7, AFB/B.34/Inf.8, AFB/B.34/Inf.10 and AFB/B.34/Inf.11.

⁵ AFB decision B.34/49, para. 106(a–b).

⁶ AFB document AFB/B.34/9/Add.1/Rev.1.

and conditions for the services to be provided by the World Bank as interim trustee for the AF⁷ were mutually adopted by CMP 15⁸ and the World Bank in January 2020.

5. The draft amendment of the memorandum of understanding between the CMP and the GEF for secretariat services to the AFB was prepared by its secretariat in consultation with the GEF secretariat and the UNFCCC secretariat under the guidance of the AFB task force. The amendment of the memorandum of understanding is related to adding the recital of paragraph 1 of decision 13/CMA.1 and paragraph 2 of decision 1/CMP.14 in the preamble; adding reference to decisions 1/CMP.14 and 13/CMA.1 in Article 1; replacing reference to decision 1/CMP.3 with “decisions of the CMP and the CMA” in Articles 2(l) and 7; correcting the typing error in Article 6 by adding “from” after “withdraw”; and deleting the outdated and completed task of the CMP 6 review of the memorandum of understanding. The amended and restated memorandum of understanding between the CMP and the Council of the GEF regarding secretariat services to the Board⁹ was adopted by CMP 15¹⁰ and the GEF Council at its 59th meeting in December 2019.

6. With respect to the rules of procedure of the AFB, the AFB affirmed its conclusion at its additional meeting held in June 2019 that, considering the AF is in a transitional period where it serves both the Kyoto Protocol and the Paris Agreement until it starts to exclusively serve the Paris Agreement, many provisions of the current rules of procedure could be unaffected, while some provisions were linked to expected CMP 15 decisions, such as the eligibility for membership on the AFB, which was expected to be considered at SBI 51 and decided at CMP 15. The AFB deemed it prudent to determine the revision of the rules of procedure after relevant SBI considerations and CMP decision(s) were adopted on the issues that may affect some of the provisions of the rules of procedure, including the eligibility for AFB membership. The addendum to the report of the AFB to CMP 15¹¹ includes the consideration by the AFB of the provisions of the rules of procedure that are closely linked to anticipated CMP decisions related to, *inter alia*, eligibility for AFB membership; the provisions that are not closely linked to anticipated CMP decisions and that may be revised with updates in line with decisions 1/CMP.14 and 13/CMA.1; and other issues related to the rules of procedure for which it was not clear whether they would need adjustment or not, such as section XVII (amendments to rules of procedure) and section XIX (overriding authority of the Kyoto Protocol). The AFB included the summary of its consideration of its rules of procedure¹² in the addendum to its report to CMP 15.

7. With respect to the implications of the AF receiving the share of proceeds from activities under Articles 6, 12 and 17 of the Kyoto Protocol when the AF serves the Paris Agreement, the AFB recalled the trustee’s report made at the additional meeting in June 2019 that continued monetization of the remaining Kyoto Protocol carbon assets (CERs as clean development mechanism share of proceeds) would be possible, provided that the amendment of the terms and conditions is adopted by the CMP and the World Bank, as the amendment of the terms and conditions maintains the authorization of the trustee to continue to sell these CMP assets. The AFB included the summary of its consideration of this matter¹³ in the addendum to its report to CMP 15.

8. With respect to any other matter so as to ensure the AF serves the Paris Agreement smoothly, the AFB reviewed the existing AF instruments, policies and guidelines: SPPG; operational policies and guidelines; code of conduct of the AFB;¹⁴ zero tolerance policy for

⁷ FCCC/KP/CMP/2019/4/Add.1–FCCC/PA/CMA/2019/2/Add.1, annex I.

⁸ Decision 3/CMP.15, para. 6.

⁹ FCCC/KP/CMP/2019/4/Add.1–FCCC/PA/CMA/2019/2/Add.1, annex III.

¹⁰ Decision 3/CMP.15, para. 7.

the AFB;¹⁵ general guidelines for committees;¹⁶ terms of reference for the PPRC;¹⁷ terms of reference for the EFC;¹⁸ terms of reference for the establishment of the AFB Accreditation Panel;¹⁹ risk management framework for the AF;²⁰ environmental and social policy;²¹ gender policy and action plan (2017–2019);²² open information policy;²³ ad hoc complaint handling mechanism;²⁴ resource mobilization strategy;²⁵ MTS;²⁶ and methodologies for reporting AF core impact indicators.²⁷ The AFB concluded that most of the AF policies, guidelines and core instruments do not appear to require immediate major revisions as they serve their purpose well and are undergoing or will go through an update process as scheduled and/or when the need arises; and it may be prudent not to amend the operational policies and guidelines and SPPG now because some of their provisions are closely linked to the issue of eligibility for AFB membership, which was expected to be decided on at CMP 15. The SBI considered the matter of ensuring that developing country Parties and developed country Parties that are Parties to the Paris Agreement are eligible for membership of the AFB,²⁸ and concluded that it would continue its consideration of the matter at SBI 52.²⁹

9. At its 34th meeting, the AFB took note of the report of its secretariat on the issue of the Parties eligible for funding from the AF, which is related to paragraphs 5 and 10 of the SPPG, which reflect paragraph 1 of decision 1/CMP.3. The AFB secretariat reported that it had recently received an official letter from the national Government of a country on its interest in accessing AF funding and nominating a designated authority: the country is not a Party to the Kyoto Protocol, and has signed the Paris Agreement but is not yet a Party to the Agreement as, according to the Government, it is undergoing the ratification process domestically. The country could not be considered eligible for funding from the AF as of the date of receipt of the letter because it was not a Party to the Kyoto Protocol. The AFB noted that the following question could arise: when the country completes the ratification process for the Paris Agreement and becomes a Party to the Paris Agreement, could it be considered eligible for funding from the AF or not? Although the number of countries that are a Party to either the Paris Agreement or the Kyoto Protocol, but not a Party to both, could decrease over time, in the meantime requests for funding from a country that is a Party to the Kyoto Protocol but not to the Paris Agreement, or vice versa, could be received. In this regard, the AFB included in the addendum to its report to CMP 15 a request for additional guidance and/or clarification from the CMP and/or the CMA on the matter of the Parties eligible for funding from the AF that could help in addressing such requests. Accordingly, the AFB has included in this report its invitation to the CMP and/or the CMA to provide guidance and/or clarification on the issue of the Parties eligible for funding from the AF as referred to in paragraph 1 of decision 1/CMP.3, which is reflected in paragraphs 5 and 10 of the SPPG, adopted at CMP 4.³⁰
