**Information furnished in conformity with the Convention
on Registration of Objects Launched into Outer Space****Note verbale dated 26 July 2022 from the Permanent Mission of
Ukraine to the United Nations (Vienna) addressed to the
Secretary-General**

The Permanent Mission of Ukraine to the United Nations (Vienna), in accordance with article IV of the Convention on Registration of Objects Launched into Outer Space (General Assembly resolution [3235 \(XXIX\)](#), annex), has the honour to transmit registration information on a national space object (see annex).¹

¹ The data on the space object referenced in the annex were entered into the Register of Objects Launched into Outer Space on 27 July 2022.

Annex

Registration data on a space object launched by Ukraine^{*}

Sich-2-1

Information provided in conformity with the Convention on Registration of Objects Launched into Outer Space

Committee on Space Research international designator	2022-002AY
Name of space object	Sich-2-1
State of registry	Ukraine
Date and territory or location of launch	13 January 2022 at 1525 hours 39 seconds UTC; United States of America
Basic orbital parameters	
Nodal period	94.88 minutes
Inclination	97.5 degrees
Apogee	530 kilometres
Perigee	521 kilometres
General function of space object	Reception of images of the Earth's surface area in the visible band of electromagnetic waves, measurement of main parameters of neutral and charged particles of ionosphere plasma and measurement of accumulated dose of space radiation

^{*} The information was submitted using the form prepared pursuant to General Assembly resolution [62/101](#) and has been reformatted by the Secretariat.
