## **Information furnished in conformity with the Convention on Registration of Objects Launched into Outer Space**

### **Note verbale dated 1 April 2022 from the Permanent Mission of the United Kingdom of Great Britain and Northern Ireland to the United Nations (Vienna) addressed to the Secretary-General**

The Permanent Mission of the United Kingdom of Great Britain and Northern Ireland to the United Nations (Vienna) has the honour to confirm that the space object AMC-18 should be held on the national registry of the United States of America and therefore has been moved to the United Kingdom Supplementary Registry of Outer Space Objects (see annex).<sup>1</sup>

---

<sup>1</sup> The data on the space object referenced in the annex were entered into the Register of Objects Launched into Outer Space on 11 April 2022.

## Annex

### **Additional information on a space object previously registered by the United Kingdom of Great Britain and Northern Ireland\***

#### **AMC-18**

##### **Information provided in conformity with the Convention on Registration of Objects Launched into Outer Space**

Committee on Space Research international designator	2006-054B
Name of space object	AMC-18
State of registry	United Kingdom of Great Britain and Northern Ireland
Registration documents	<a href="#">ST/SG/SER.E/554</a>

Date and territory or location of launch	8 December 2006 at 0500 hours UTC; French Guiana
--	--

##### Basic orbital parameters

Nodal period	1,436 minutes
Inclination	1.8 degrees
Apogee	35,796 kilometres
Perigee	35,774 kilometres

General function of space object	Communications satellite
----------------------------------	--------------------------

##### **Additional voluntary information for use in the Register of Objects Launched into Outer Space**

Geostationary position	83 degrees West
Other information	The United Kingdom confirms that the space object SES AMC-18 has been moved from the United Kingdom's national registry to the United Kingdom Supplementary Registry of Outer Space Objects
