

**Committee on the Peaceful
Uses of Outer Space****Information furnished in conformity with the Convention
on Registration of Objects Launched into Outer Space****Note verbale dated 21 March 2017 from the Permanent Mission of
the Russian Federation to the United Nations (Vienna) addressed
to the Secretary-General**

The Permanent Mission of the Russian Federation to the United Nations (Vienna), in accordance with article IV of the Convention on Registration of Objects Launched into Outer Space (General Assembly resolution 3235 (XXIX), annex), has the honour to transmit registration data on space launches by the Russian Federation in February 2017 and also on the space objects that ceased to exist during that period (see annex).¹

¹ The data on space objects referenced in the annex were entered into the Register of Objects Launched into Outer Space on 28 April 2017.

Annex

Registration data on space launches by the Russian Federation in February 2017*

1. In February 2017, the following space object under the jurisdiction and control of the Russian Federation was launched:

Number	Name of space object	Date of launch	Basic orbital characteristics				General function of space object
			Apogee (km)	Perigee (km)	Inclination (degrees)	Period (minutes)	
3462-2017-001	Progress MS-05, launched by a Soyuz-U carrier rocket from the Baikonur launch site	22 February 2017	241.6	193.6	51.6	88.5	Delivery to the International Space Station of fuel, water, oxygen, air, food and other consumable materials required for the crew, scientific experiments and operation of the Station

2. In February 2017, the Russian Federation did not launch any space objects on behalf of foreign clients.
3. As at 2400 hours Moscow time on 28 February 2017, no space objects of the Russian Federation had been found to have ceased to exist in Earth orbit in February 2017.

* The registration data are reproduced in the form in which they were received.
