**Committee on the Peaceful
Uses of Outer Space**

**Information furnished in conformity with the Convention
on Registration of Objects Launched into Outer Space**

**Note verbale dated 22 July 2019 from the Permanent Mission of
the Russian Federation to the United Nations (Vienna) addressed
to the Secretary-General**

The Permanent Mission of the Russian Federation to the United Nations (Vienna), in accordance with article IV of the Convention on Registration of Objects Launched into Outer Space (General Assembly resolution 3235 (XXIX), annex), has the honour to transmit registration data on space launches by the Russian Federation in June 2019 and also on the space objects that ceased to exist during that period (see annex).

Annex

Registration data on space launches by the Russian Federation in June 2019*

1. In June 2019, the Russian Federation did not launch any space objects included, in accordance with established practice and its international obligations, in the register of space objects launched by the Russian Federation and over which it exercises jurisdiction and control.
2. In June 2019, the Russian Federation did not launch any space objects on behalf of foreign clients.
3. The following space objects ceased to exist in June 2019 and were no longer in Earth orbit as at 2400 hours Moscow time on 30 June 2019:

2018-091A (Progress MS-10): deorbited into the Pacific Ocean at a predetermined location on 4 June 2019; fragments of the space object that had not burned up were sunk;

2018-098A (Soyuz MS-11): descent module landed at a predetermined location with members of an International Space Station expedition on 25 June 2019.

* The registration data are reproduced in the form in which they were received.
