**Committee on the Peaceful
Uses of Outer Space**

**Information furnished in conformity with the Convention
on Registration of Objects Launched into Outer Space**

**Note verbale dated 21 September 2020 from the Permanent
Mission of the Russian Federation to the United Nations (Vienna)
addressed to the Secretary-General**

The Permanent Mission of the Russian Federation to the United Nations (Vienna), in accordance with article IV of the Convention on Registration of Objects Launched into Outer Space (General Assembly resolution 3235 (XXIX), annex), has the honour to transmit data on space launches by the Russian Federation in August 2020 and on a previously launched space object that ceased to exist during that period (see annex).¹

¹ The data on space objects referenced in the annex were entered into the Register of Objects Launched into Outer Space on 1 October 2020.

Annex

Registration data on space objects launched by the Russian Federation for August 2020*

1. In August 2020, the Russian Federation did not launch any space objects included, in accordance with established practice and its international obligations, in the register of space objects launched by the Russian Federation and over which it exercises jurisdiction and control.
2. In August 2020, the Russian Federation did not launch any space objects on behalf of foreign clients.
3. The following space object ceased to exist in August 2020 and was no longer in Earth orbit as at 2400 hours Moscow time on 31 August 2020:
1998-067PK (Tanyusha YuZGU No. 4), which burned up on 24 August 2020.

* The registration data are reproduced in the form in which they were received.
